LONDON, July 14.—The American First Army drove forward along its entire 42-mile Normandy front today in the wake of what was described officially as a general German retreat, capturing four villages and pushing within a little more than a mile of Lessay, the Nazi western defence anchor.

Election "Soon"

Declares C.C.F. Is Determined Govern Canada

REGINA, July 14.—(CP)—

Prof. Frank Scott of Montreal, national chairman of the C.C.F., said at a public meeting here last night that the federal general election is coming "soon" and the C.C.F. is determined to become the government of Canada. "We shall place at least 225 candidates in the field."

Addressing the meeting held in conjunction with the ninth annual convention of the Saskatchewan section C.C.F., Mr. Scott, professor of constitutional law at McGill University, urged Canadians to transform "our old discredited economic system into a co-operative society dedicated to the service of the common man" by electing a C.C.F. administration.

FINAL VICTORY NEAR

Mr. Scott said "The armed forces of the United Nations, and our own men and women overseas, are nearing the hour of final victory and we must prepare a country for the post-war world."

"Whether our vision of a new and better system becomes a reality depends on the way we use the victory," he said, "if we return to the old order we are lost."

"If we courageously move on to the new, we can win the peace, and turn all the sacrifice and suffering to creation and achievement. The C.C.F. is dedicated to this great task."

"The democratic structure of the C.C.F. and its intelligently radical program make it the only party capable of bringing political salvation to the Canadian people."

Quebec Publisher

Is Named Senator

OTTAWA, July 14.—(CP)—Hon. Jacob Nicol, K.C., of Sherbrooke, Que., newspaper publisher, financier and member of the Quebec legislative council, has been appointed to the senate for Quebec's Bedford division. It was announced today by Prime Minister Mackenzie King.

Long prominent in Quebec politics and well-known publisher of several French newspapers in Quebec, Senator Nicol had been a member of the legislative council since 1929 and had served as speaker of the provincial upper chamber from 1930 to 1934.

Senator Nicol's appointment to the senate brings the Liberal representation in the 96-seat red chamber to 51. There are 33 Progressive Conservative senators and 13 vacancies.

The appointment reduces the vacancies for Quebec in the Senate to three. The last appointment from that province was that of Senator T. D. Bouchard, former Quebec minister of roads, who was called to the red chamber about a month ago.

Bracken Certain

C.C.F. Can't Win Outside of Sask.

WINNIPEG, July 14.—(CP)—Saskatchewan is the only province in which the C.C.F. could win, said John Bracken, national leader of the Progressive Conservative party today in an interview here during which he commented on forthcoming provincial elections in Alberta, Quebec, and New Brunswick.

"I offer no prophecy about what will happen in Quebec and I don't know who will win in Alberta but I am quite sure the C.C.F. will not win," he said.

He said the Progressive Conservatives will win in New Brunswick.

Canadian-Born

General Given High U.S. Post

WASHINGTON, July 14.—(AP)—The war department announced today that Lt. Gen. Ben Lear, native of Hamilton, Ont., has been assigned to command the army ground forces, relieving Lt. Gen. Lesley J. McNair, who has been given "an important overseas assignment."

While on an inspection trip in North Africa in April, 1943, McNair was wounded by shell fragments. Lear assumed temporary command of ground forces at that time.

A proud and grateful British Empire today honored Major John Keefer Mahony, V.C., 33, former newspaper man of New Westminster, who led a company of his hometown regiment in establishing a bridgehead over the Melfa river, Italy, on May 24 last, and of holding it against repeated tank and infantry counter-attacks and the withering fire of German 88mm self-propelled guns, mortars, machine guns and rifle fire. Awarded the Victoria Cross for his resourcefulness and personal courage, he is the fifth Canadian to receive this honor in this war.

Bastille Day

10,000,000 French Patriots Ordered to Stage Uprising

By JOHN A. PARRIS

LONDON, July 14.—Ten million French patriots, who have waited four long suffering years for the signal to revolt, were ordered to rise up against the Germans today for one great, paralyzing blow on the 155th anniversary of the storming of the bastille.

Just as blood flowed on that other July 14 when the ragged, hungry and ardent streamed through Paris toward Porte Sainte Antoine, French blood was flowing today—and with it German blood.

These 10,000,000 Frenchmen—that is the number which French quarter estimates are actively resisting the Germans—were ordered to commit 10,000,000 individual acts of war against the German army of occupation, which the French now are calling the "army of the doomed."

TIME TO STRIKE

By radio, underground newspaper and word of mouth, orders issued by the National Resistance Council in Algiers have been spread through France for the 48 hours ending at midnight.

"The hour has come to throw disorder into the ranks of the enemy and his collaborators," Algiers said. "For patriots who had not yet fired a shot or handled a charge to strike a blow in the brilliant, behind-the-line battle which 500,000 fighters of Gen. Joseph Pierre Koenig's French forces of the interior have been waging since D-Day."

The extent of today's patriot activities will not be known for several days but presumably as this is being read, German soldiers are being ambushed, trains derailed, canals blocked, telephone cables destroyed and collaborators silently executed. Authoritative French quarters were confident that when today's deeds become known, they will rank in importance to French liberty with those of July 14, 1789.

Overcast Skies

Forecast Today

Light rainfall started in Edmonton at 6:52 p.m. Thursday and continued for half an hour. A heavier fall started at 9:10 p.m., lasting until 3:43 a.m. A total of 3.1 of an inch of rain fell during the night.

The weather forecast for Friday is "cloudy, becoming partly cloudy late this morning."

The maximum temperature Thursday was 69 degrees, the minimum 46 degrees, and the overnight low 52 degrees. At 8:30 a.m. the temperature was 55 degrees.

Stalin Announces Seizure of Last Big Nazi Base in Pripet Marshes

By ROBERT MUSEL

LONDON, July 14.—The Red Army announced tonight that it had stormed and captured Pinsk, last big German defence base in the Pripet Marshes, and Berlin said Russian assault forces had broken into Grodno, key hedgehog-bastion on the approaches to East Prussia, 45 miles westward. (The clandestine European radio Atlantic broadcast an unsubstantiated report that the Russians had crossed the border into East Prussia.)

Grodno, from which Nazi broadcasts said the Russians were driven after smashing in twice, is 20 miles due south of the easternmost tip of the East Prussian border, as delineated by the Germans after the 1939 grab of Poland.

Marshal Josef Stalin issued an order of the day on the capture of Pinsk by Marshal Konstantin K. Rokossovsky's First Army of White Russia.

LONDON, July 14.—(CP)—Premier Stalin in a second order of the day announced tonight the capture of Wolkowysk.

Russia. He called it "an important stronghold of the German defences in the West Lithovian direction."

SALUTES VICTORS

He ordered the victors saluted with 20 salvos of 224 guns, and paid tribute to an imposing array of officers, including seven captains of the Dnepr flotilla which appeared in the next house.

Canada to Send 100,000,000 Lbs. Beef to Britain

Exclusive to The Edmonton Bulletin

LONDON, July 14.—Canada will supply the United Kingdom with a minimum quantity of 100,000,000 pounds of beef during the two-year period 1944 and 1945, Agricultural Minister James G. Gardiner announced in Commons today.

The minister said that negotiations have been completed for the contract, and that in addition to this minimum quantity all further surpluses of beef will be shipped to the United Kingdom as they become available. The negotiation of the contract, Gardiner said, will have the effect of assuring floor prices for beef on a revised scale.

In the case of special red brand beef and commercial beef of blue brand quality, the meat board will purchase for export to the United Kingdom an agreed quantity at prices 25 cents below their respective ceilings, the minister said.

If further surplus quantities of red and blue brand beef are offered to the meat board, the board will purchase all such additional quantities at prices 50 cents below the ceiling.

Candidates Named

In South Alberta

LETHBRIDGE, July 14.—(CP)—Nomination of two more candidates in southern Alberta in the Aug. 8 provincial general election was announced last night. Edwin Davidson has been nominated as independent candidate for Taber constituency and James Hartley, M.L.A., has been chosen to contest the Macleod constituency for the Social Credit party.

Fear Fuehrer

MOSCOW, July 14.—(CP)—Fear of inciting Hitler's wrath has outweighed the prospect of captivity among German commanders and is one of the reasons why the Red Army has been able to capture 19 generals in 20 days, according to reports reaching here. The Russians are scrupulously observing the conditions for imprisoned officers.

Raids Declining

Defensive Measures Against Robots Proving Successful

LONDON, July 14.—Germany's robot bomb assault on London and southern England went into its fifth week today on a declining scale and Home Secretary Herbert Morrison said Allied defensive measures were having an "important measure of success."

At the same time, however, Morrison warned that the flying bomb had not yet been completely mastered and said that England "may have to put up with quite a bit yet."

Some of the German flying torpedoes crashed and blew up in London in daylight today, but the capital had a respite from attack during the night for the fourth straight night. Not even an air raid alert was sounded in London for the third straight night, though a few flying bombs fell elsewhere in southern England without causing casualties.

MAINLY DAY ATTACKS

108 Candidates Nominated For 57 Legislative Seats

A total of 106 candidates have been nominated to contest the 57-seat legislature in the Aug. 8 Alberta general election. Nominations close July 29. Premier Manning's Social Credit government has named 42 candidates, three more than the C.C.F. The Independent party has eight in the field, and the Labor-Progressive party, 16.

(Unofficial list of nominations to date for all parties will be found on Page 3.)

City Candidate

FO. J. T. Caine Will Seek Seat In Legislature

Flying Officer John T. Caine, D.F.C., leading scorer in the famed City of Edmonton Mosquito intruder squadron, will be a candidate on the Independent party ticket in the provincial election to be held on Aug. 8 next, it was learned in party circles Friday.

He is one of four prospective candidates interviewed by a special committee named to canvass the situation regarding candidates and their availability for nomination. At an Independent Party meeting at the Masonic Temple last Friday a special committee was appointed to name the place of the convention and decide on the number of candidates to be placed in the field.

Members of the committee are J. Percy Page, president of the Independent party; George W. Auer, Hales H. Ross, W. Kelly Porter, C. H. Chapman, and Mrs. J. H. Acheson.

For Campaign

Large Number C.C.F. Speakers Invade Alberta

REGINA, July 14.—(CP)—Provincial Treasurer C. M. Fines at a public meeting here last night announced that 10 speakers would campaign for the C.C.F. in the Alberta general elections. Names and itineraries for the speakers will be released later at Edmonton, he said.

From B.C.

Winch to Head C.C.F. Speakers

VANCOUVER, July 14.—(CP)—A C.C.F. delegation will leave British Columbia toward the end of this month to support the party in the Alberta provincial elections, Aug. 8. Headed by Harold E. Winch, opposition leader in the British Columbia legislature, the party will include H. W. Herridge, M.L.A. for Rossland-Trail, Leonard Shepherd, M.L.A. for Delta, George Stirling, M.L.A. for Salmon Arm, Samuel Guthrie, M.L.A., Cowichan-Newcastle, Mrs. Laura Jamieson, M.L.A. CHUNGKING, July 14.—Chinese troops began a general assault today of the ancient wall surrounding Tengchung after American bombers and fighters set the Japanese stronghold aflame with tons of incendiaries and high explosives.

A communiqué said the Chinese had cleared the enemy from outside the wall and were centring their attacks on the east gate, where Mitchell medium bombers blasted open a hole two days ago.

A front dispatch by British United Press war correspondent Albert Ravenholt said that approximately 2,000 Japanese were trapped inside the stone walls and under heavy bombardment of American planes.

The fires were started Wednesday, he said, when the planes dropped more than 3,000 incendiary bombs and tons of explosives on enemy ammunition dumps inside the city.

Tengchung is the only remaining heavy enemy stronghold between the main Chinese forces on the Salween front and Lt. Gen. Joseph W. Stilwell's troops driving through northern Burma in a campaign to open the vital Burma road.

ROME, July 14.—French troops of the Allied Fifth Army captured the road hub of Poggibonsi, 22 miles below Florence today, breaking one of the toughest knots of German resistance before the threatened Gothic defence line across Italy.

Poggibonsi, biggest communications centre between Livorno and Arezzo, fell to French forces who had battled beyond it in fierce mountain fighting and were swinging around to trap its German garrison.

Allied headquarters issued a special announcement of the French victory this evening. It was the most significant feat scored by the Allies since the Germans turned against their pursuers and undertook a stand on the approaches to the Gothic Line.

Diving through a plate-glass window of a second-hand store, after allegedly assaulting a police officer, Homer Hector Larcene, 25-year-old resident of the City Rooms, received lacerations that halted his getaway, and resulted in his being taken to the Royal Alexandra hospital, about 10 a.m. Friday.

The head-long plunge through the glass of the Reliable Furniture Exchange, 1033 97 street, was said to have followed rapidly upon the heels of Labrecque's assault of Detective Alex. Bremner, whom he kicked in the groin.

As the officer fell to the floor, the other man plunged through the heavy glass measuring about 54 inches by 32 inches, and after running only a short distance, collapsed.

McDougall Court Building Is Sold

Purchase of McDougall Court, an office and rooming building at 10062 100 street, half a block south of Jasper avenue was completed on Friday by Wallace Miller, proprietor of the Checker Cab Company. Mr. Miller said the purchase price was "in the neighborhood" of \$40,000.

Mr. Miller takes immediate possession. He said that his plans call for the remodeling of the ground floor into an up-to-date sales room for Packard automobiles, although this remodeling would remain in abeyance until the company goes back into production.

The upstairs portions of the building will continue in their present use.

The deal was transacted through R. H. Drever and C. A. Hyndman.

At present the ground floor is occupied by the Underwood Typewriter Company offices and the Dawson Coal Company.

where the Americans were less than three miles from this stronghold. Bradley's troops straightened out their line for a frontal assault on the town by capturing a number of strong points.

The hamlets of Les Aubris and La Vincellerie, about four miles south of Sainty, and flanking the road to the northeast, fell to the advancing troops, along with Auxais, three miles southeast of Sainty to the village of raids, four miles above Periers.

Late yesterday the Germans tried to mount a counter-attack toward Auxais, but were turned back handily without slowing down the American advance.

FALLS TO YANKS

The road centre of Les Champs de Losque, 1 1/2 miles northwest of St. Lo, fell to U.S. troops who probed southward beyond it. From Les Champs a valuable lateral road runs northward through St. Andre de Bohon to Carlen. Its entire length now was open to the Americans.

The only activity reported on the British section of the Normandy front was an attempt by the Germans to mass about 40 tanks for an attack south of Etterville, southwest of Caen. Heavy artillery fire scattered the tanks before they could get into action.

RESUME ATTACK

The attack from the northwest was resumed this morning along both banks of the Vire river after a number of German rear-guard counter-attacks were beaten off during the night. McGillicy said. The northwestern column was about six miles from St. Lo, but steadily closing in, while another force was three miles away to the north.

Thrusting ahead through nine towns and villages in advances of up to three miles in 24 hours, Lt.-Gen. Omar Bradley's American 1st Army also drove to within three miles of Periers and one and three-quarters miles of Lessay. Vanguard patrols already were believed probing the immediate approaches to two towns.

A headquarters spokesman said the enemy withdrawal along the front stretching from a point northwest of St. Lo to the west coast was orderly.

BRITISH RE-GROUP

At the eastern end of the front, the Germans re-captured Colombelles and St. Honorine, just east of Caen, in a counter-attack while Lt.-Gen. Sir Miles C. Dempsey's 2nd British Army continued to re-group for the next stage of the Allied advance toward Paris, 120 miles east of Caen.

Front dispatches said the latest American advances around St. Lo raised a threat of encirclement and made that stronghold, already pounded into rubble by artillery and bombs, untenable. Nevertheless the garrison was not expected to capitulate, and the town until the Americans capture high ground to the south.

The Americans gained the highest ridge overlooking St. Lo from the east with capture of the village of La Barre Seimilly while other forces cleaned out all enemy snipers down the road to within a mile of the town. Already in American hands was similar high ground to the northeast.

FASTER PROGRESS

Northwest of St. Lo, the Americans made faster progress. Crossing the Taute river, they pushed through the woodlands Bois de Hommet and captured the villages of St. Martip, Les Champs de Losque and Le Momet-D'Artheay, the latter six miles northwest of St. Lo.

On the north bank of the Taute another column reached the outskirts of Auxais, a village three miles southeast of Sainty.

Other forces north of Periers forged ahead to within two miles of a junction that would complete the encirclement of the Marais de Gorges inundations. The western column already had captured the village of Gorges, while the eastern units were driving around the southern rim of the marshland.

On the west coast sector, the Americans drove southward to within a mile and three-quarters of Lessay and threatened that anchor town by clearing the southern slope of Hill 92, key to the entire area.

Dies in Normandy Defeat Attempt To Tax Banks' Inner Reserves

Brig-Gen. Theodore Roosevelt, Jr., whose death from a heart attack was reported from Normandy last night. Son of the late President Theodore Roosevelt, he was 56 years old.

General Roosevelt Dies in Normandy

NEW YORK, July 14.—(AP)—CBS Correspondent Larry Le Seuer, reported from Normandy last night that Brig. Gen. Theodore Roosevelt, Jr., had died of a heart attack.

The 56-year-old son of the late President Theodore Roosevelt, died in Normandy Wednesday night. Le Seuer said. Last April he went to Britain to recover from an illness after going through the North African campaign and serving in Italy. He also was a veteran of the First Great War.

Gen. Roosevelt was assigned as deputy commander of an American infantry organization after it completed its training for the invasion. Le Seuer said that, hobbling on a cane, he led the first wave of American soldiers ashore in Normandy, and "since then has taken part in every action, including the fall of Cherbourg."

Gen. Roosevelt was a former governor of Puerto Rico and the Philippines. He retired to private life in 1936.

way to Florence, central base of the German line anchored on Pisa and Rimini. To the east the Eighth Army was reported closing in on Arezzo, while in the west coast sector American forces were threatening Terracina, 17 miles east of Livorno.

Earlier official reports said the Fifth and Eighth Armies had slugged ahead against stiff resistance through seven towns and many strategic heights for the biggest gains since the Germans turned to face their pursuers.

"The Allied armies in Italy have made further progress in their attacks to drive the enemy from his strongly-defended hill positions covering Arezzo, Poggibonsi and Livorno," Gen. Sir Harold R. L. G. Alexander's communique said.

Terracina lies east of Livorno and five miles above captured Lajatico. Its capture would put the American troops in position to strike westward into the town and the suburban coastal defenses which have held up the frontal push against the prize port for more than a week.

Japs, Battling To Escape Trap, Losing Heavily

ADVANCED ALLIED HEADQUARTERS, New Guinea, Friday, July 14.—(AP)—The 45,000 Japanese trying to break out of a British New Guinea trap northwest of Wewak have suffered heavy losses, headquarters announced today.

Gen. Douglas MacArthur said a large enemy force moved west Wednesday to attack Aitape and smash into American outposts.

The fragmentary battlefield reports, covering action until daylight Wednesday, made no mention of an enemy breakthrough anywhere, but a headquarters spokesman said the preliminary assaults were checked only after the most savage fighting of the New Guinea campaign.

department is in charge of tax collection. This amendment finally was held over for further discussion when Mr. Hisey is present.

Earlier the committee which has studied the Bank Bill since May 3, agreed that its chairman, W. H. Moore (L-Ontario), should seek an end to repetition in extending its present morning sittings to sessions in both the afternoon and evening.

G. G. McGeer, K.C. (L-Vancouver Burrard) asked yesterday that a statement be provided for the committee showing the various forms of Dominion taxes and municipal taxes paid in 1943 by the banks. C. S. Tompkins, inspector general of banks, said he would endeavor to have the statement by Friday.

Some committee members said the subject had been covered in previous discussions.

R. T. Graham (L-Swift Current) "I suggest that the chair should strictly apply the rules of debate on discussions that are repetitious."

Hon. R. B. Hanson (PC-York-Sunbury) said "I am getting pretty sick of repetition."

Mr. Moore: "The public is getting sick of it, too. I have received letters referring to obstructionist tactics in this committee. I will draw attention to repetitions and after that the matter is in the hands of the committee."

Turning to Mr. McGeer, he asked him not to repeat his questions.

BANK NOTE TOTAL
Mr. McGeer, resuming his questioning of Dr. Clark, said the Bank of Canada notes issued and in the hands of the banks or in general circulation totalled \$1,400,000,000.

Mr. Moore said this matter was not relevant to the bank bill section before the committee and which dealt with the liability of shareholders.

Mr. McGeer said he appealed the ruling and Mr. Moore was upheld by a recorded vote of 16 to two. Norman Jaques (SC-Wetaskiwin) voting with Mr. McGeer.

Bill clauses covering the liability of shareholders and the statements to be provided on banks' business were approved.

Bracken Denies "Clique" Dictation

WINNIPEG, July 14.—(CP)—John Bracken, national leader of the Progressive Conservative party, here today denied that a "Toronto clique" had attempted to dictate party policy to him.

"I want to state emphatically that there has been no effort on the part of Premier Drew or anyone else to dictate the policies of the national Progressive Conservative party," he said in a statement issued shortly after his arrival here.

Mr. Bracken added there had been no dictation by any newspaper or newspaper publisher. He said such a claim was "just plain nonsense."

The Ottawa Evening Citizen in a newspaper story by Torchy Anderson Wednesday said that a Progressive Conservative caucus had discussed "alleged attempts of a Toronto clique" to gain control of the party. The Toronto Telegram yesterday said that Premier Drew and George McCullagh, publisher of the Globe and Mail, were rumored to be planning to oust Mr. Bracken from the party leadership. Both Mr. Drew and Mr. McCullagh denied the report.

TORONTO, July 14.—(CP)—Premier Drew in a statement today said "there is not an atom of truth in the report of a supposed rumor that I have been connected with any attempt to replace John Bracken as leader of the Progressive Conservative party."

United Lutheran Church in Canada Urged by Speaker

SASKATOON, July 14.—(CP)—Establishment of a United Lutheran Church in Canada was urged here yesterday by Dr. P. O. Bersell of Minneapolis in an address to the Canada-Lutheran home mission conference. Dr. Bersell told delegates it was time Lutherans indulged in self criticism, adding that "they tell us in Canada that we have one strike against us before we even strike—that we are not British. We are divided, having perpetuated racial tendencies."

Shares Are Sold For C.C.F. Party Newspaper Fund

REGINA, July 14.—(CP)—Fred C. Williams, managing editor of the Saskatchewan Commonwealth weekly newspaper of the Saskatchewan section C.C.F., announced yesterday he sold more than 2,000 shares at \$1 each for the C.C.F. daily newspaper fund.

Mr. Williams, with receipt book in hand, sold the shares to delegates at the ninth annual convention during the noon lunch hour. Earlier he proposed a daily which could be launched when \$250,000 had been raised. He suggested steps, similar to the provincial government's four-year plan, to bring about daily publication of a good-sized Saskatchewan Commonwealth.

Coroner's Jury Names Logger In Dual Slaying

Alexander Rusan, 35-year-old logger, yesterday was named by a coroner's jury as the killer of his estranged wife, Lucy Rusan, and Mrs. Millar Preston, his wife's friend, shot to death at their home here July 7.

Rusan has been charged with the double murder and the wounding of Jack Preston, husband of one of the women shot, and Fred Remizoff, both of whom are in hospital recovering from their wounds.

George Gerrard, neighbor of the murdered women, testified he saw Rusan grab his wife by the hair after a chase across the front lawn, hold her head to the ground and shoot her twice.

SEEMED TO EXPLODE
"Her head seemed to explode from within," Gerrard said.

Rusan then rose to his feet, shrugged his shoulders and walked out the front gate. Gerrard said.

Previously to this Gerrard had seen Mrs. Preston run down the front stairs of the house, followed by Rusan.

"Rusan jumped into the vestibule, fired at the back of Mrs. Preston's head, and she fell face-down into the living room from the downstairs suite," he said.

Lillian Rusan, daughter of the accused, identified a letter written by her father to her mother. The letter read in part:

"I spoke and pleaded with you to wash your dirt away and if not it will be cleaned with your blood. The hour of retribution is come. For all this you must pay with your life. They deal with you dirty people. Good-bye, goats."

SAW SHOOTING
Neil Johnson, bulldozer operator, testified he saw Rusan slip up behind Preston and Remizoff at a nearby intersection and fire at them one after another.

Rusan will appear in court here Friday for preliminary hearing on the murder charges.

France, were concentrating their attacks in daylight in an unsuccessful attempt to disrupt the city's life.

Morrison, in a message to his constituents in the South Hackney district of London, said the Allies' counter-blasts were "making a very appreciable difference in the weight of the attack."

"Everything the government can do with the help of expert scientific advisers is being done and will be done," he said. "I think every reasonable step has been taken and is being taken to give protection and care for the people who have suffered."

ONE OF LAST EFFORTS
He said he was looking forward to the day when the robot bombs would be mastered, but added that "it would be foolish of me to encourage the people to count on this as an early achievement."

"Let us remember that this is one of the Nazis' last desperate throws," he said. "Even Nazis cannot be quite so foolish as to expect that the damage these do in discriminate attacks can make any real difference to the course of the war. They can only have in mind some chance of winning a compromise peace by getting on the nerves of the people of London and wearing down their resistance. What a hope!"

Prof. King C.C.F. Vice-President

REGINA, July 14.—(CP)—Prof. Carlyle King of Saskatchewan was elected vice-president of the Saskatchewan C.C.F. at a closed session of the ninth annual convention here today.

Dr. King, professor of English at the University of Saskatchewan, succeeds Municipal Minister J. H. Brookelbank.

Earlier Mrs. Gladys Strum, defeated candidate in Cannington constituency in the June 15 provincial election, was elected president, succeeding Provincial Treasurer C. M. Fines.

The convention amended its constitution providing that no person hold the office of president and vice-president while a member of the legislature.

Five persons were nominated for the vice-presidency with Dr. King being elected on the first ballot.

Twenty were nominated for the three provincial council members-at-large vacancies and 17 for the two places on the national C.C.F. council. Voting for the council members will take place later.

Hull Denounces Nazis' Atrocities

WASHINGTON, July 14.—(AP)—In a new denunciation of Nazi atrocities in Europe, State Secretary Hull declared today that the entire Jewish community of 1,000,000 persons in Hungary is threatened with extermination.

At the same time, he declared that "the cold-blooded murder of the population of Distoimo (Greece) is another shocking example of the reign of terror which the Nazis have instituted in Europe and which becomes more savage as they become more desperate."

Mr. Hull issued separate press conference statements on the Hungarian Jews and the Distoimo massacre. He promised in each one that punishment "will be meted out" to persons responsible for the atrocities.

Food Processing Industries Urged For West Canada

SASKATOON, July 14.—(CP)—To help provide an adequate diet for the hungry peoples of the world, western Canada should have greater diversification of agriculture and more industries for the processing of foods, J. Grant MacEwan, professor of animal husbandry at the University of Saskatchewan, said here last night.

Addressing the banquet of the Associated Committee of Rural Municipal Secretaries-Treasurers, Prof. MacEwan said that while Canadians were the best fed people in the world, two thirds of the world's population derived 80 per cent of its food energy from starchy foods. Western Canada's fertile lands could provide much of the proteins, minerals and vitamins which these peoples lacked, he said.

Pearl Harbor "Attacker" Two Japanese Admirals Die on Saipan Island

PEARL HARBOR, July 14.—(AP)—Two Japanese admirals, one of whom directed the attacks on Pearl Harbor and Midway, died July 7 on Saipan, Admiral Chester W. Nimitz announced last night in a communique.

One, Vice-Admiral Chuichi Nagumo, was commander in chief of the central Pacific area of the Imperial Japanese Navy. He was in command of Japanese forces which attacked Pearl Harbor and in command of the carrier task force which was wiped out at Midway.

Just prior to his latest and fatal command, he was commander of the Sasebo naval base on the Japanese mainland.

Admiral Nimitz said Rear Admiral Yano was killed on the same day.

Simultaneously he announced that elements of the 2nd Marine division had landed on Maniagasa island July 12 west longitude which is two miles north of Mutchon point on Saipan island, and controls the entrance of the important Tanapag harbor.

While the marines were landing on the tiny island, "whose defenders were quickly overcome," enemy dead were being buried on Saipan. The enemy buried number almost 16,000.

Now that Saipan is in American hands, artillery bombardment and navy gunfire is neutralizing Tinian island on which there is a Japanese airfield.

ALLIED BOMBERS ATTACK BALKAN OIL REFINERIES
By WALTER CRONKITE
Exclusive The Edmonton Journal Copyright 1944 by British United Press

LONDON, July 14.—Five hundred American bombers from Italy smashed at four oil refineries in Hungary and railway yards in Budapest today, while another big bomber formation crossed the English channel in clearing weather to strike at targets on the continent that were not immediately identified.

Three of the oil refineries were in the Budapest area and the attacking force, which included Liberator and Flying Fortress, reported good results. The fleet was accompanied by a strong force of fighter planes.

HIT ROBOT BASES
The air ministry announced late today that R.A.F. Lancaster heavy bombers had attacked robot bomb installations in northern France without loss.

The aerial activity also included dive-bombing and strafing missions against German hill positions around St. Lo, and attacks against a large rail line southeast of Caen.

A small force of Allied bombers escorted by fighters crossed the straits early tonight, heading in the direction of the Pas de Calais.

The daylight raids followed a new strike into Germany last night by R.A.F. Mosquito bombers which scattered two-ton blockbusters over industrial objectives in the Ruhr and mined enemy waters without loss.

With the weather somewhat improved both over the channel and Normandy, British and American air forces were expected to provide stronger support to the ground forces battling in France. Tactical operations were reduced to 500 sorties yesterday because of a low ceiling and occasional rain.

WORK WITH ARMY
The force which crossed the straits in early daylight included considerable bombers, but not in the strength of the previous three days during which the Americans buried about 3,300 planes in obliteration raids on Munich, the Nazi shrine of Germany.

Although the operations over France yesterday were carried out by comparatively small forces, the R.A.F. second tactical fighter-bombers and rocket-fighters hit numerous targets by army request with good results.

The Germans sent about 50 planes into the air behind the battle area, and 16 of them were shot down. Seven Allied planes were lost.

BIG CANUCK VICTORY
One Canadian Spitfire squadron based in Normandy claimed the biggest victory for French-based units. It sighted 12 FW-109s south of Caen, and in a brief dogfight destroyed 10 without loss.

The Canadian victory was scored by a squadron led by Sqdn. Ldr. Tom Brannagan of Windsor, Ont., who destroyed two of the enemy planes. F.O. Williams Mayers, also of Windsor, knocked out three.

Five other officers accounted for one each. They were Flt. Lt. C. E. Mott of Sarnia, Ont., Flt. Lt. J. C. Copland, Toronto, F.O. Lloyd Plummer of Windsor, F.O. B. M. McKenzie of Stettler, Alta., and F.O. D. H. Kimball of Onatuck, N.B.

Shares Are Sold For C.C.F. Party Newspaper Fund

REGINA, July 14.—(CP)—Fred C. Williams, managing editor of the Saskatchewan Commonwealth weekly newspaper of the Saskatchewan section C.C.F., announced yesterday he sold more than 2,000 shares at \$1 each for the C.C.F. daily newspaper fund.

Mr. Williams, with receipt book in hand, sold the shares to delegates at the ninth annual convention during the noon lunch hour. Earlier he proposed a daily which could be launched when \$250,000 had been raised. He suggested steps, similar to the provincial government's four-year plan, to bring about daily publication of a good-sized Saskatchewan Commonwealth.

106 Candidates Nominated For 57 House Seats

Continued from Page One

Social Credit Association of Canada, provincial treasurer and education minister, probably will contest Warner's constituency. Elected first in the southern seat in 1935, Mr. Low was defeated by James H. Walker, now leader of the Independents, in the March 21, 1940, voting but returned to the house in June that year, winning the Vegreville seat by acclamation after George Woytkiw, Social Credit, resigned.

Hon. W. A. Fallow, minister of public works, victorious in the 1940 election in Vermilion constituency, has been nominated to contest Grouard, held by Maj. J. H. Tremblay, Liberal, who has been overseas since shortly before the last election. Maj. Tremblay is an original officer of The Loyal Edmonton Regiment.

Six of the nominees are women. Two represent Social Credit, two C.C.F., and two Labor-Progressive. In the last legislature one woman, Mrs. Cornelia R. Wood, Social Credit, Stony Plain, sat as a member.

The Independent and Labor-Progressive parties will nominate candidates for the Edmonton constituency on Friday night and Social Credit will nominate for Edmonton on Saturday night.

Winnipeg Storm Causes Damage

WINNIPEG, July 14.—(CP)—Citizens of Winnipeg experienced one of the worst thunderstorms of the season last night, with lightning causing considerable damage to communications. One of the city's radio stations was forced to leave the air for the night when a bolt of lightning blew fuses in the transmitter at nearby Middlechurch. Hail storms hit several districts in Western Manitoba. Windows were broken but little crop damage was reported.

Colonel Wounded

NAGAR FALLS, Ont., July 14.—(CP)—Lt.-Col. Franklin Griffiths of the Canadian Army has been wounded and is in hospital overseas, relatives here have been informed.

Minister Says: Simplifying Tax Forms Is Easy to Talk About But Difficult Job to Do

OTTAWA, July 14.—(CP)—It is easier to talk about simplifying income tax forms than it is to do the job, Revenue Minister Gibson told the Commons yesterday after Hon. Grote Stirling, Progressive Conservative member for Yale constituency in British Columbia, made a plea for the taxpayers who find the forms complicated.

Douglas Again Saskatchewan C.C.F. Leader

REGINA, July 14.—(CP)—Premier Thomas C. Douglas of Saskatchewan was re-elected political leader of the Saskatchewan section, C.C.F., by acclamation at a closed session of the ninth annual convention here late yesterday.

Mrs. Gladys Strum, defeated C.C.F. candidate in Cannington constituency in the recent provincial general election, was elected president of the Saskatchewan section, succeeding provincial treasurer C. M. Fines, who held office three years.

Mrs. Strum was defeated by the then premier, Hon. W. W. Patterson, by a majority of six votes.

Election of a vice-president will take place at another closed session Friday, it was stated.

CLOSED TO PRESS

When election of officers came before the convention, Bert Mansfield of Prince Albert constituency moved that it was private business and requested the press to leave. When the motion received approval of many delegates, Chairman John Wellbelove, M.L.A. for Kerrobert-Kinderley, asked the press to retire.

Open sessions will continue, however, until election of the vice-president.

Earlier, Mr. Wellbelove advised the convention that when private business was to be discussed the press should be asked to retire.

Wednesday, several delegates had declared Co-Operatives Minister L. F. McIntosh had not been a member of the party six months prior to nomination as required by the constitution.

A spirited debate ensued but no action was taken in Mr. McIntosh's case. The convention, however, stipulated a person nominated in any provincial constituency must henceforth be a member of the party for one year.

OTHERS IN RACE

Mrs. Strum, Bert Pinch, Regina; George Hindley, Plato, Sask.; and Dr. Carlyle King, Saskatoon, were nominated for president. Count of the voting was not released.

Mr. Douglas was first elected leader of the C.C.F. in Saskatchewan in 1942, succeeding the present agriculture minister, Maj. G. H. Williams.

Name Candidates At Medicine Hat

MEDICINE HAT, July 14.—(CP)—Alderman J. A. Bell was named independent candidate for Medicine Hat riding in the Aug. 8 Alberta general election at a convention here last night. C. M. Moore of seven persons was chosen to contest Cypress constituency for the Independents at a convention here earlier yesterday.

Control Fires

FREDERICTON, July 14.—(CP)—All seven forest fires fought this week in northern New Brunswick were reported under control last night. Patrols continued to watch the smoking timberland near the Upsalquich and Miramichi rivers.

Mr. Gibson said representations had been made that the agricultural forms were too complicated. The department had a meeting with agricultural representatives, representatives of farm journals, agricultural societies and the Department of Agriculture.

"They sat down for quite a considerable time in order to devise a simplified form that would be satisfactory to the farmer," he said. "As a result of their labors they brought in a form that was considerably more complicated than the one our own experts had already produced."

BUDGET DISCUSSION

Mr. Gibson gave this little side-light on income tax administration difficulty as the house in committee of ways and means approved a number of the budget changes relating to income tax with members suggesting other changes.

At the opening the house agreed to start morning sittings next Monday, usually an indication the drive to clean up sessional business is starting in earnest.

On the budget resolutions, Hon. R. B. Hanson (P.C., York-Sunbury), supported by Stanley Knowles (C.C.F., Winnipeg North Centre) asked that concessions on medical expenses included outside Canada be made retroactive.

Prior to the budget an exemption from tax was allowed in cases of unusual medical expenses, but only when the expenses took place in Canada. In the budget it is proposed to allow expenses in the United States.

CONCESSIONS URGED

Other members urged that the existing restrictions on exemptions allowed for medical expenses more than five per cent of income and not more than \$600 for a married person, \$400 for a single person, and \$100 for a dependent, be relaxed.

Dr. J. P. Howden (L.-St. Boniface) said a person should be free to go anywhere for his medical attention and get the same exemption. His brother had been refused foreign exchange under exchange control regulations to go to the United States for an operation.

The operation was performed in Winnipeg and had he been allowed to go to the United States his brother would not have died, said Dr. Howden.

Douglas Abbott, finance department parliamentary assistant, promised consideration of Mr. Hanson's suggestion that care be taken to see that the extension of exemption for supporting an illegitimate child should go only to the mother and not to the father.

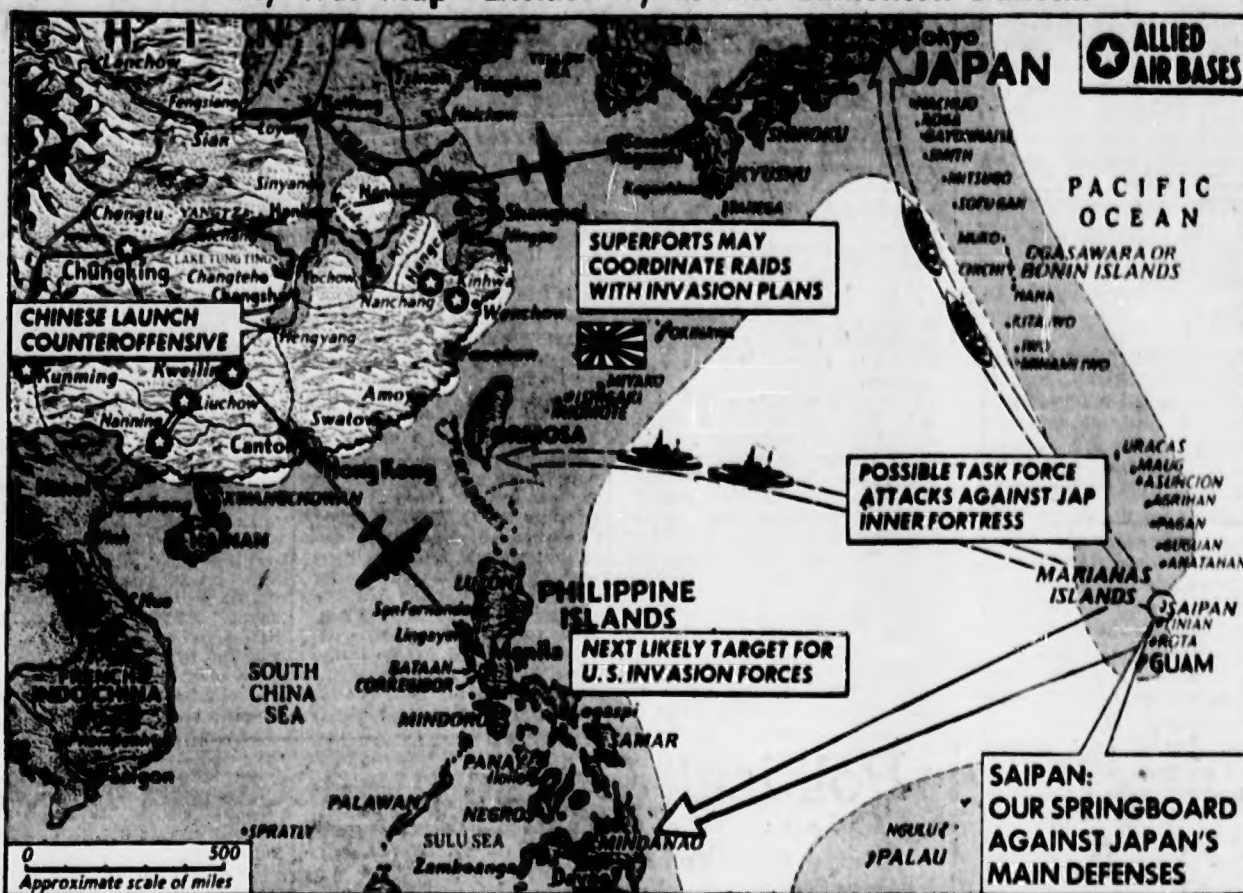

"BREAK" FOR DOCTORS

Mr. Knowles asked a change for the benefit of women doctors and nurses who are married. He said the law was changed last year to allow women to earn salaries and wages without depriving their husbands of exemption as married persons. The country needed all the doctors and nurses who could practice, but married women doctors were not given the same privilege as other women because professional fees were not considered salaries or wages.

Discussion of the budget resolutions continued throughout the night sitting.

Winner of V.C. Congratulated

WITH THE CANADIANS IN ITALY, July 14.—(CP)—Maj. John (Jack) Keefer Mahony, of New Westminster, B.C., fifth Canadian to win the Victoria Cross in this war, received messages of congratulation yesterday from Lt.-Gen. H. D. G. Crerar, commander of the 1st Canadian Army, and from Lt.-Gen. E. L. M. Burns, commander of the 1st Canadian Corps in Italy.

Gen. Crerar said: "Your courageous leadership, now honored by His Majesty's award of the

Empire's most coveted recognition, is an inspiration to the Canadian army. Best wishes for your early and complete recovery."

Gen. Burns said: "All ranks of the Canadian Army in Italy will be proud and happy that your great bravery and determination at the crossing of the Melfa have received their fitting reward."

"The award of the Victoria Cross honors the hard fighting and success of your division in its first battle of which your action is the highlight. On behalf of the 1st Canadian Corps, I congratulate you and the Westminster Regiment most sincerely and wish you all good fortune for the future."

YOU'RE IN THE ARMY NOW

"Can't you stop those teeth from chatterin'—sounds like a crap game and I can't keep my mind on my work!"

Police Searching For Stolen Truck

Theft of a truck and its cargo of materials, from Fort St. John, B.C., was reported to city police Thursday. The theft was said to have occurred sometime during the night of July 7, and the value of the loaded vehicle was given as between \$6,500 and \$6,800.

The truck was described by officers of the Northwest Service Command as a 1941 2½-ton vehicle bearing the inscription: NWD 68-D-68810, serial number 2168-304277, engine number R-3823125. The truck is painted yellow and part of the radiator grill is missing.

Can't Serve Writ On Doomed Slayer

WINNIPEG, July 14.—(CP)—Chief Justice H. A. Robson in court of King's bench yesterday refused permission to serve a writ in a civil action for damages on Albert V. Westgate, now under sentence of death for the strangling of 16-year-old Edith Cook here last December.

The writ was issued by L. D. Morosnick, solicitor for George Cook, father of the murdered girl, who sued as administrator of her estate and asked damages of \$100,000. Westgate is under sentence to hang July 24.

The court ruled that the criminal code prescribed who might see a person confined in an institution under sentence of death, and that the restrictions must be rigidly interpreted. Declarations in the criminal code are superior to civil rights.

"I refuse to command the sheriff to make service of the writ," said Chief Justice Robson.

Mr. Morosnick said he would appeal the ruling.

U.K. Newspapers Give Prominence To V.C. Awards

LONDON, July 14.—(CP)—Accounts of the heroic stand made by Maj. John (Jack) Keefer Mahony, 33, at the Melfa River in Italy which won the New Westminster, B.C. officer the Victoria Cross, were prominently displayed in London morning papers today.

Mahony won the decoration last May during the Allied offensive launched May 11 from the lower Garigliano Valley. Most newspapers carried an abbreviated summary of the citation on their front pages and some published Mahony's photograph.

The Canadian soldier was given equal prominence with two British soldiers whose awards of the V.C. were announced in the London Gazette simultaneously with Mahony's.

Low-Rent Homes Planned at Coast

VANCOUVER, July 13.—(CP)—Plans are under way for the erection of 900 low-rental homes in Vancouver at a cost of \$3,500,000, the promoters announced yesterday. A group of Vancouver businessmen will meet next week to consider a proposal that they should take up an offer announced in Commons May 11 by Finance Minister Isley whereby the Dominion government would make 90 per cent first mortgage loans on projects similar to the one initiated recently at Montreal. Rents will range between \$25 to \$30 per month.

House Briefs

OTTAWA, July 14.—(CP)—The federal government has appointed 31 dollar-a-year men since last Jan. 28, it was revealed yesterday in a return tabled for Stanley Knowles (C.C.F., Winnipeg North Centre). Sixteen of the men were appointed to positions in the price board and nine others in the munitions department. The department of trade and commerce, the department of labor and the war services department employed the others.

A total of 237 conscientious objectors were prosecuted from the beginning of the war up to Jan. 31, as a result of their failure to comply with alternative service regulations, it was revealed in a return tabled for T. C. Douglas, former C.C.F. member for Newburn constituency in Saskatchewan.

The Canadian wheat board sold 3,336,168 bushels of wheat to the United States in the period January-June, 1944, the trade department said in reply to a question by J. G. Diefenbaker, (P.C., Lake Centre).

Member Protests Research Work Tax Deductions

OTTAWA, July 14.—(CP)—Objection to a budget resolution authorizing the deduction of costs of scientific research indirectly as well as directly related to a business from taxable income was expressed in the Commons last night by G. H. Castleden (C.C.F., Yorkton). Mr. Castleden said it would be better to collect full taxes and use the revenue to carry on research work under government auspices.

"I don't think there is need of much research in Canada," he said. "The work has been done."

The government had facilities for research already. There was no need of having duplicate facilities set up in all the industrial plants in the country.

Nicolas Appert, a French chef, in 1815 found that food would keep if it were properly heated and placed in hermetically sealed containers.

M.P.'s Applaud Award of V.C.

OTTAWA, July 14.—(CP)—Defense Minister Ralston in the Commons yesterday told applauding members that Maj. John Keefer Mahony, of New Westminster, B.C., has been awarded the Victoria Cross for gallantry in Italy.

The minister read the citation describing Maj. Mahony's gallant leadership of his company in establishing and holding a bridgehead in Italy.

"I know the house and country will join very heartily in congratulations to Maj. Mahony and to his family and to his regiment on this recognition of the gallant action of this superb soldier," said Col. Ralston.

Gordon Graydon, Progressive Conservative house leader, joined in the congratulations and said the award should be a source of pride to British Columbia.

Thomas Reid (L., New Westminster) said Maj. Mahony's action was a source of inspiration and pride to his home city, which also took pride in the fact it was a New Westminster company which fought with and under Maj. Mahony. He asked that the parents of men who fell in the battle be not forgotten.

Two Canadians On Italo Front Receive Awards

OTTAWA, July 14.—(CP)—Defense headquarters announced last night the award of two decorations for valor to an officer and non-commissioned officer of the Canadian Army for "Gallant and distinguished services" in Italy.

The Bulletin's SPORT CHOW

by Hal Dean

SPORTS EDITOR

A VAST change has taken place in the senior baseball picture during the past week, with the sudden recovery of the Arrows the most noteworthy event. After absorbing their sixth straight reverse last Friday at the hands of the Yanks, Fred Lupul's larruppers bounced right back into the title chase by knocking over the leading Dodgers and following with Thursday's 7-1 decision over Signallers.

Signals dropped a 2-1 game to Yanks on Tuesday, then swarmed all over the Dodgers on Wednesday and fell before Arrows last night. Should the Lupulites take the Yanks on Saturday the race would become a wide open affair with two and a half games separating them from the Dodgers and the other two clubs sandwiched in between.

It will be Elmer Thomas' turn to pitch for Arrows tomorrow and Al Walker will likely be Wayne Adams' choice for Yanks. Manager Bill Bull stated last night that Ed Sampson, pitcher from the Coal Branch had been signed and that Claude Bartoff of Luscar, who played for Alcraft last season is expected to report any day. Bartoff batted .350 through his five games.

SANDLOT TOURNAMENT
THE fact that 28 teams have entered the sandlot football tournament is announced by Director Doug Stevenson yesterday. It is a fair indication of the extent to which Frank Drayton's "baby" developed in a few weeks. Bill Sears says the teams in the McCauley group are all rarin' to go.

George Bowen, who organized the South Side division had 12 teams under his "command". There were four in the juvenile circuit and eight in the midget. St. John's College, top team in "B" section at the close of the

Alberta Soldier Sets Army Record

CAMP BORDEN, Ont. July 14.—(CP)—Tr. H. Tazior of Chisholm Mills, Alta., set what was believed to be a new Canadian Army high jump record when he cleared the bar at 5 feet 10 1/2 inches at a huge track and field event here Thursday.

The broad jump was won by Pte. F. Van Castel, Calgary, with a mark of 15 feet three inches. L. Cpl. G. Ellis, Vancouver, placed second to Pte. J. A. Grierson, Toronto, in the pole vault.

Soldiers from practically every part of Canada participated in the meet.

Fastball League, continuation of which will take place on the "M" Depot diamond tonight at 7 p.m.

For the Airmen, Berbeck with two for five led in hitting; Winter, Normandin, Murphy, Neville and Toderian each gathered one safe hit. Navy hitters were led by Krook who had two singles, the second of which brought in Cox with the winning run; other Sailors collecting hits were Young, Law and Cox.

Navy had four errors, two of which were chalked up to Krook and one each against Como and Cox. The Airmen's errors included two for McCann and one for Murphy.

Team lineups:
Navy: Ingram, Foss, Beecroft, Young, Como, Law, Cox, Krook, Hart, Falkenberg, Kuhnke.
Airmen: Ross, Berbeck, Tilley, Winter, Normandin, McCann, Murphy, Okenfold, Neville, Toderian.

Navy Defeats "M" Depot 1-0 Series Opener

In a thrilling encounter on the Nonsuch diamond Wednesday night, the sailors defeated the Airmen of No. 3 "M" Depot 1-0. Eleven innings were required to reach the decision, which saw Sinker, J. Young and AC2 Pete Toderian tangle in one of the toughest of pitching duels. Young was nicked for seven safeties while issuing one free pass to first. Toderian limited the Navy men to five singles, and issued no bases on balls.

However, in the 11th the Sailors managed to combine a single, passed ball and another single for the winning run.

Six strike-outs were credited to Young while his opponent whiffed five.

This game was the first in the semi-final series of the Inter-Serv-

ice Fastball League, continuation of which will take place on the "M" Depot diamond tonight at 7 p.m.

For the Airmen, Berbeck with two for five led in hitting; Winter, Normandin, Murphy, Neville and Toderian each gathered one safe hit. Navy hitters were led by Krook who had two singles, the second of which brought in Cox with the winning run; other Sailors collecting hits were Young, Law and Cox.

Broad Camp Comes Through In Calgary Juvenile Stakes

By LOU DAVIES

CALGARY, July 14.—Going to the front after a quarter but hard urged through the straightaway to maintain his advantage, Parslow and Denoon's Broad Camp, Thursday afternoon won the \$500 added Calgary Juvenile Stakes, feature of the fifth day of racing at the Calgary Exhibition and Stampede.

Smallest Field In Fifteen Years Arlington Classic

CHICAGO, July 14.—(AP)—A field of five, possibly only four, two-year-olds will battle for \$60,675 in the Arlington Futurity Saturday in the smallest field for that rich event in 15 years.

The speedy Free For All and his stablemate Erard, owned by John Marsch, Chicago contractor, frightened a majority of the owners from starting their thoroughbreds. The field originally numbered 163.

In a preview of the Futurity Tuesday, the Marsch pair ran one-two, with the eastern challenger, Flood Town, finishing third.

Supporters of both interests contend that the additional distance of Saturday's race, six furlongs instead of five and one half, will benefit both Flood Town and the Marsch colts.

With five starters, the race will have a gross value of \$60,675, with approximately \$48,000 going to the owner of the winning thoroughbred. The owner whose horse finishes second will receive \$7,000 with \$3,500 going to third place and \$1,500 to fourth.

Arrows To Play Yanks Saturday

There is no senior ball at Renfrew Park tonight, the next game being scheduled for Saturday at 7 o'clock, when Arrows play Yanks.

Civil Service Tennis Tourney Starts Saturday

The annual tournament of the Civil Service Tennis Club gets under way this year on Saturday, July 15th. A large entry has been received by draw secretary George Docherty, with many strong players having entered. All signs point to a very successful tournament this year.

A new champion will be crowned in the men's singles, the present holder, Lieut. Ed Clarke not competing this year. However, there will be some close matches played before this event is decided with lots of opposition coming from Bob Hall, George Docherty, Stuart Harris, Carl Farviden, Bill Ralph, and others who might spring a surprise. Most of the racket wielders believe that Bob Hall will be the one to beat.

The ladies' singles also is without a defending champion, the former Agnes Thorburn not being here this year. Such players as Helen Wolfe, Betty Hume, Sophie Mighall and Pat Hawkes will be tough for anybody to eliminate.

The men's doubles champions, Alf Blythe and Docherty, will defend their title, but such teams as Hoyte and Harris, Farviden and Ralph, Hall and McFarlane, and others, have their eyes on the title, and the outcome will likely be in doubt until the end.

The ladies' doubles will see a new pair of titlists crowned, the present holders not defending their honors. Some very strong teams such as Wolfe and Mighall, Hume and Gordon and Hawkes and Coe have entered, and some very fine tennis is expected.

Strong combinations are also lined up in the Mixed Doubles, in which there is also no defending champions. Teams that bear watching are Hall and Hume, Harris and Gordon, Wolfe and Docherty, Mighall and Farviden, and Holmgren and Ralph.

Players are reminded that they must be on time for their matches, and are requested to post the results.

NEW YORK, July 14.—Luke Sewell's "Mystery Team" of St. Louis Browns resumed its pennant campaign yesterday, almost monopolizing the baseball spotlight.

CANADIAN SPORTSHOTS

By SYD THOMAS

TORONTO, July 14.—(CP)—The Winnipeg Rugby Club made famous by the exploits of the Pegs Blue Bombers, is planning to set up a plaque or honor roll with names of Bombers contributing their services to the armed services.

Herb (Winnipeg Tribune) Manning says that Osborne Stadium has been chosen as site for the hall of fame, appropriately enough. It was there that Bombers gained their renown on the gridiron, spanning out to take the Grey Cup and Dominion title in 1935, 1939 and 1941.

"It's to be hoped that the rugby club profits by the mistake of the Ottawa rowing club and makes no distinction between its members who are on active service and those who are in Canada's reserve army," comments Herb. He referred to the late-lamented affair at Ottawa where the name of Theodore Dubois, former Canadian senior sculls champion, was removed from an honor roll of club members in the services because he hadn't volunteered for overseas duty.

Success story: Some people like to paddle their own canoe, and in that class definitely are the members of the Chateaugay Aquatic Club in Montreal. Just six years ago the club's predecessor, Chateaugay Boating Club, went on the financial rocks, had its clubhouse seized and lost its charter. A group of sportsmen got together to salvage the wreckage, and today the new club has its head above water. The members are enthusiastic, so much so in fact that a group of girl members travelled 110 miles by truck to see the boys stir their stuff in the Radisson Regatta.

Incidentally: Jimmy Johnstone, veteran golf pro at Toronto's Rosedale Club, is attempting a comeback in the Dominion match play championships. He captured the Millar Trophy in 1928, and five years later took it again, so he is way past due for another triumph. . . Montreal Canadiens apparently are really serious about this softball business. So much so that a would-be habitant apparently has to major in mush-ball before he hooks on with the team. Frankie Eddolls is playing in Montreal now, and reported will hook on with Canadiens next winter.

Frankie Sinkwich
Rejected By Army
CLEVELAND, July 14.—(AP)—Frankie Sinkwich, former University of Georgia all-American football player, was rejected for military service Thursday, the army induction centre reported.

Fastball
The fastball doubleheader scheduled for Kingsway Park Thursday night was not played, the C.P. Athletic—South Side Athletics girls' game being cancelled and the Moose—U.S.A.A.F. Enlisted Men encounter being defaulted by the former.

Rarely has any club commanded such attention at this stage of the season. Unusual interest is focused upon it because: (1) The Browns are the surprise leaders of the American League; (2) Their consistency, as compared with rival clubs, won the clubs from St. Louis new respect during the first half of the season.

However, many experts and fans still regard them as a question mark that may not be able to fight off a menacing challenge should any of their rivals suddenly stage a winning spurge.

The Browns' lead is small and the race is tight, the margin from top to bottom being only nine games, and their span over the second place Boston Red Sox is but a scant two and a half games.

INTRA-CITY SERIES LOOMS
MEANWHILE, their city rivals, the St. Louis Cardinals, boast a 10½ game lead in the National League, a fact which adds interest to the Browns' campaign because of the possibility of an intra-city world series.

The pre-season odds were against the Browns winning the pennant for two reasons. (1) They have never copped the American League flag, and (2) They were a sixth place club last year.

On the other hand, the Browns have had an uphill fight thus far during the campaign and have managed to rise to most occasions to fight off bids to unseat them at the top of the circuit. Since opening day, April 18, St. Louis has been out of first place only 17 days and has been at the top steadily since June 2. The Browns have never been below third. With 79 games already in the books, they have won 45 and lost 34 for percentage of .570—not as remarkable or even good a record on the basis of other years—but currently it's the best in the loop and that's what they pay off on.

The schedule also favors St. Louis. So far this season the Browns have displayed a decided preference for their own park, winning a greater percentage of home games than they have won on the road. Of the 75 games left to play, St. Louis is scheduled for 44 in Sportsman's Park.

Steer Decorating Record Equalled Calgary Stampede

CALGARY, July 14.—(CP)—Homer Pettigrew, Springer, N.M., equalled the world's record for steer decorating at the Calgary Exhibition and Stampede here Thursday as he tagged his steer in 31.5 seconds to take top money in the event.

In the North American saddle bronc riding competition, Louis Brooks, Pittsburgh, Okla., world's champion all-around cowboy, captured the top day money followed closely by Jerry Ambler, Klamath Falls, Ore., and Bill Hancock, Rosewell, N.M.

Brooks was second to Pettigrew in the steer decorating with a time of five seconds.

Carl Olson, Ribstone, Alta., was tops in the Canadian saddle bronc riding competition with A. K. Lund, Milk River, Alta., second. Jimmy Schumaker, Phoenix, Ariz., won the day prize in the bareback riding competition and Bud Spielman, Fresno, Calif., was second.

Muff Doan, Halkirk, Alta., won the steer riding event with Harry Thompson, Black Diamond, Alta., second.

Hitting the fastest running time of the week, Jack Lauder, Innisfail, Alta., got Dick Cosgrove's Rosebud, Alta., chuckwagon team around the track in one minute, 12 seconds flat, to put the outfit back into the running for the 1944 championship.

Attendance figures for the fourth day of the stampede showed a decline of 182 from the same day last year with 35,892 people going through the turnstiles.

TIGERS WHIP CUBS 9-1
DETROIT, July 14.—(AP)—Detroit Tigers scored eight runs on seven hits off Oral Grove in the second inning last night to defeat Chicago White Sox, 9-1, in a twilight American League game before 12,185 spectators.

Rudy York hit his ninth homer to start the big inning. Paul Trout pitched a three-hitter for Detroit for his 11th victory.

Dick Wakefield, recently released by the navy, marked his return to Detroit uniform with two hits and two runs batted in.

Chicago 001 000 000—1 3 0
Detroit 080 100 000—9 8 0

Grove, Haynes (3) and Turner, Castino (4); Trout and Swift.

National League
CHICAGO, July 14.—(AP)—Frank Coleman's second pinch triple of the year against Chicago gave Pittsburgh Pirates a 3-2 victory in the opener of a five-game National League series Thursday. It was their fifth straight triumph.

Coleman's blow, coming in the seventh inning, converted singles by Babe Dahlgren and Vince DiMaggio to erase an early 1-0 Chicago lead. He then scored himself on Frank Zak's single.

Fritz Ostermuller, who allowed seven hits, went the route for his sixth victory against two defeats.

Pittsburgh 000 000 300—3 8 1
Chicago 000 000 000—2 7 2

Ostermuller and Lopez, Davis (7); Wyse, Lynn (8) and Williams.

ST. LOUIS WINS CLOSE TILT
ST. LOUIS, July 14.—(AP)—Doubles by Walker Cooper and Danny Lit- tle, after two were out, gave the St. Louis Cardinals a 3-2 National League victory over the Cincinnati Reds in 11 innings last night.

George Kuroski hit his 12th homer of the season in the second inning and Ray Sanders got his sixth in the sixth inning.

Cincinnati 000 011 000 00—2 4 2
St. Louis 010 001 000 01—3 9 0

Konstanty and Mueller; Jurisich and W. Cooper.

District News in Brief

Sedgewick Group Holds Convention

SEDGEWICK—The Sedgewick Social Credit constituency convention was held at Killam on July 10. Sixty-one delegates from all parts of the constituency were present. Unanimous approval was given both to the present member A. E. Fee and to the acts of the government as a whole. James Gordon of Strone was chairman. Officers for next year were elected as follows: James Gordon, re-elected as president; S. A. Sorenson, first vice-president; Mrs. Cursham, second vice-president; and H. Pottage secretary-treasurer. Delegates chosen to attend the next provincial convention in Edmonton were A. Sorenson, J. Hillman, J. R. Trapp. In the nominations for a candidate in the coming election there was only one nomination, A. E. Fee, the present member, who accepted. The evening meeting was attended by about 150. Mr. Fee and R. E. Ansley of Leduc were the speakers.

Irma Resident Is Dead in East

IRMA—Word has been received here of the sudden death of Cecil Ray Locke, as the result of a heart attack suffered after landing from a plane at Sydney, N.S., on June 20. He was born at Souris, P.E.I., April 25, 1917. He went to Calgary with his parents two years later and in 1927 came to Irma where he received the greater part of his education in the elementary and high schools. He enlisted in September 1941, as an air-observer, taking his training at Edmonton No. 4 I.T.S., Calgary A.O.S. and Lethbridge Bombing and Gunnery School. After his graduation in August 1942, he was posted to Dartmouth, N.S., and later was transferred to Newfoundland. In November 1942, he married Elizabeth McLean, youngest daughter of Mr. and Mrs. J. C. McLean of Irma. They have a daughter, Elizabeth Rae.

One of the largest congregations of relatives and friends on record here gathered at the United church on June 27 to attend his funeral. The Rev. E. Longmire, pastor of the church officiated. He was assisted by the Rev. J. R. Geeson of Holden, a former pastor of the church and P.L.L. Knute, chaplain at No. 3 "M" Depot, Edmonton. Four women of the choir sang "Sunset and Evening Star." Sgt. A. C. Cother of No. 3 "M" Depot, Edmonton, attended in an official capacity and P.O. J. R. Gauthier, a member of W.O. Locke's squadron and a personal friend came home with the body.

Burial took place in the family plot in the Irma cemetery. Pallbearers were: Fred Jack, Merle Knudson, Neil McMillan, Clifford Jones, Allison Carter and Stuart Fenton. He is survived by his wife and daughter, his father, A. H. Locke, and two sisters, Mrs. L. L. Elford, Irma, and Mrs. B. H. Hadlow, of Edmonton.

North Resident Killed by Truck

FAIRVIEW—The death of John Bruhn of the Golden Meadow district, occurred Monday when he was run over by a gravel truck on which he and other workers were riding. In some way Mr. Bruhn lost his balance and tried to cling to a rope which was fastened on the truck, and his body finally swayed and was caught and dragged under the wheels, which passed over his body. He died soon after the accident.

Constable C. H. Walker, R.C.M.P., Fairview, and Coroner W. L. Chisom were notified. The body was removed to Fairview where an inquest was held.

A jury of six men was selected to review the case, the members being J. W. Telfer, J. D. Forgie, G. Hull of Fairview, W. Black, J. Halverson and D. McKenzie of Whitelaw. A verdict of accidental death with no blame attached to the driver of the truck was brought down.

Mr. Bruhn was 35 years old, unmarried and living on a homestead 18 miles south of Whitelaw.

3 Alberta Judges Headin' For Range

CALGARY, July 14.—(CP)—Calgary's famous "cowboy judge," Chief Justice W. C. Ives, who observed the 30th anniversary of his elevation to the bench of the supreme court of Alberta on July 11, is going "cow punching" during the court vacation.

His lordship told a Calgary reporter yesterday that he was looking forward to going back on the range with a party which will include, at least, two brother judges of the supreme court, Mr. Justice S. J. Shepherd, who also worked on ranches in his youth, and Mr. Justice C. C. McLaurin.

"We intend to go on a party being given by R. W. Wallace on the Lazy 7 ranch near Lethbridge, soon after the stampedede," Chief Justice Ives said.

Our job will be to brand 50 head of calves, John Furness of Macleod, an old colleague of mine, and I will rope 'em, Mr. Justice Shepherd and Mr. Justice McLaurin will wrestle them and hold them down while Wallace applies the hot iron. It's going to be lots of fun."

(Both Chief Justice Ives and Mr. Justice Shepherd were cowboys in their youth.)

Restrict Firing Of Mortar Bombs

MONTREAL, July 14.—(CP)—All firing of three-inch mortar bombs, both smoke and high explosive, has been restricted for the next two weeks, or until further advised, at the Mount Bruno, Que., ranges where last week a three-inch mortar bomb burst killing 11 soldiers and wounding 34 others, it was announced here last night. A court of inquiry is investigating the accident which took place near the military camp at Mount Bruno, about 20 miles southeast of here.

Enlistments Up

VANCOUVER, July 14.—(CP)—Voluntary enlistment for active service in British Columbia in the first 10 days of July are "considerably ahead" of any previous month, Major General George R. Pearkes, officer commanding in chief, Pacific command revealed yesterday. General Pearkes had no explanation for the up-surge.

Around Caen

Canucks Fiercely Resisted By Fanatical Nazi Youths

By MAURICE DESJARDINS WITH THE CANADIANS ON THE CAEN FRONT, July 10.—(Delayed)—(CP)—Canadians fighting around Caen faced the strongest German resistance encountered since the first days of the invasion—a resistance put on in large part by 'teen-aged fanatical beardless boys.

Maj. A. J. Wilson of Charlottetown met during the advance on Caen a young Nazi who was simulating death and who had put the barrel of his gun in his mouth to make it appear he had committed suicide.

"As I was walking by," Maj. Wilson said, "I saw his eyes moving. Seeing that his trick was use-

less, he shot himself for good. No doubt he had been told that the Allies do not take prisoners."

Another officer said one German youth lost his right hand when he kept a grenade too long. "He did not hesitate one moment to pick another grenade with his left hand and to throw it at the Canadians before being captured."

Among members of a "Shermans" (tank) brigade was Pte. Philip Cockburn of Clondalton, Alta., who participated in the attack against Authie. His squadron destroyed nine tanks, two anti-tank guns and one truck which was full of German troops and which was demolished by an explosive bomb.

Banks Are Urged To Extend Loans To Small Firms

OTTAWA, July 14.—(CP)—Extension of the small loan business by the banks should result in more goods being purchased for cash and therefore lower prices to consumers, the Canadian Retail Federation said in a brief presented to the Commons banking committee yesterday.

The brief reviewed proposals in the bank bill now before the committee and said that owing to the lack of facilities, a great many merchants have been required to act as bankers as well. It would be in the public interest if purchasers could secure loans from the banks and thereby increase the percentage of goods sold for cash.

German Prisoners Landed in Canada

AN EAST COAST CANADIAN PORT, July 14.—(CP)—About two thousand Nazi prisoners of war, their part in the fighting finished and apparently happy about it, have been landed in Canada and taken to prison camps in the interior of the Dominion. Many of the Germans were extremely young and others were veterans, confirming reports from the battle fronts that Hitler has been dipping into Germany's reserves of manpower for his fighting forces. Some of the youngsters looked to be no older than 14.

The density of population, some 15,000,000 in the Nile valley in Egypt, is greater than in any country in Europe.

Innisfail Herd Captures Honors

CALGARY, July 14.—(CP)—The Innisfail, Alta., herd of W. J. Edgar won top honors in the Hereford bull classes at the Calgary exhibition and stampede here yesterday. Mr. Edgar's Bright Mixer was awarded the grand championship ribbon while his Perfection Dominion L.R.D., was named the reserve grand champion.

Bocardo Domino, another Edgar entry, took the senior championship, the reserve senior going to Bonnie Mildred's Panama, entered by Miss F. E. Boggs, Botrel.

Top winners in the female Herefords were: Grand champion, Belle Donald 217th, Charles Bull and Sons, Calgary; reserve grand, Miss Baldwin Stanway, entered by Mr. Edgar.

Ayrshire winners included: Grand champion bull, J. A. Hodgson, Forest Lawn, Alta.; reserve grand, A. D. Andrews, Calgary; grand champion female, Mrs. Agnes Steele, Neptune, Sask. Mrs. Steele also won the Daffibb trophy, donated by Bob Thomson, exhibition livestock superintendent, for the best Ayrshire female bred and owned by the exhibitor.

Sask. Liquor Board Chairman Resigns

REGINA, July 14.—(CP)—Chairman of the Saskatchewan liquor board, N. B. Williams, has resigned, the resignation to be effective July 18. Mr. Williams said Thursday that he had given notice of his resignation July 11 following receipt of a letter from Hon. C. M. Fines, provincial treasurer, which intimated that his resignation was in order. Mr. Williams has been chairman of the liquor board since Sept. 1, 1934.

ROAD REPORTS

There were four hours light rain in a band about seventy-five miles wide extending through Edmonton to Corralton during Thursday night. The probabilities are generally cloudy with some light rain in the St. Paul-Lloydminster area.

The road between Rossington and Freedom on highway number 18 is still impassable, but the Barrhead area may be reached by crossing the river at Manola. This route may be difficult if there are any heavy rains. The ferry is in operation at Sanguito for light traffic only. The ban has been lifted on the Jasper Highway throughout. Between Calgary and Crossfield on highway number 2, grading crews are at work and short detours have to be made in dry weather, otherwise traffic is accommodated on the highway but with some little difficulty. On highway number 13 between Camrose and Daysland grading crews are at work and a detour is also required. Owing to the heavy rains this detour is easily affected by heavy showers and we have reports of motorists having had difficulty.

Senior Officers Are Visiting City

Maj.-Gen. G. R. Pearkes, V.C., D.S.O., M.C., officer commanding Pacific command, and Maj.-Gen. H. N. Ganong, commanding, Wainwright army training camp, are in conference in Edmonton today with Maj.-Gen. Howard Kennedy, C.B.E., M.C., quartermaster-general of the Canadian army.

Thursday the officers inspected the Vermilion oil fields, and today they are discussing supply problems of the Canadian army in the west.

23 Returned Men On Hospital Train

It was announced by officials of headquarters, Military District 13, that a hospital train carrying 23 other ranks of the Canadian Army, recently returned from overseas, is expected to arrive in Calgary on Saturday. The exact time of arrival is not available at present.

Those returning from Northern Alberta are: Gnr. H. E. Johnston, 10823 127 avenue; Gnr. R. Murdoch; Pte. J. L. McClenaghan, 10210 140 street, and Pte. K. H. Turner, 9806 104 street, all of Edmonton; Pte. R. E. Greenwood, Seba Beach; Pte. A. H. Kennedy, Wetaskiwin; Pte. A. L. Lawson, Tees; Pte. J. L. Logue, St. Paul; Pte. R. V. Robinson, Stony Plain; Gnr. F. E. Royden, Provost; Pte. S. Shkrobot, Round Valley; Gnr. J. R. Skelly, Camp Creek; Pte. M. J. Toma, Willingdon.

Great War Veteran Is Admitted to Bar

Fred W. Barclay, Edmonton, of the enforcement branch of the War Time Prices and Trade Board, was admitted to the Alberta bar by Mr. Justice Frank Ford at the court house Friday.

A graduate of the University of Alberta, Mr. Barclay was presented by George J. Bryan, K.C. He was admitted to the bar by Mr. Justice Ford at the court house Friday.

He is a veteran of the Great War having served with the 48th Battalion, Edmonton Regiment, in France. He was demobilized in 1919.

After his demobilization he entered the University of Alberta and graduated from that institution in 1925 with the LL.B. degree.

The Inquiring Reporter

THE QUESTION
What is your opinion of the proposal by the city to convert the former children's shelter into suites to provide more housing accommodation?

THE ANSWERS
HARRY TOMPKINS, traveller: I think it is a good idea. Anything that will provide increased accommodation is to be welcomed. The number of suites that could be provided would be a considerable help.

FRED HARRIS, salesman: There is no doubt that it will be a considerable benefit. The population is increasing steadily and more accommodation is required.

JIM FITZSIMMONS, student: I am sure that any reasonable undertaking to provide more housing at present is a commendable feature. The former shelter should make good housing for a large number of persons.

Retiring General Efficiency Record One of Best in Dominion: Many Graduates Win Fame

By ESTHER ESCH

Holding the finest record for safety of any school in the British Commonwealth Air Training Plan, No. 2 Air Observer School on Friday ended four years of operations. During those four years the school has had only one fatal accident.

It occurred in 1943 when a training plane crashed at Cooking Lake, killing three Australian airmen and a civilian pilot.

General efficiency record of the school is one of the finest of any of the establishments in Canada as evidenced by the fact that the Efficiency Pennant, awarded by the ministry of national defence, was flying over the school when it closed down.

Capt. W. R. "Wop" May, O.B.E., D.F.C., general manager of the school has been the civilian manager since its establishment in the summer of 1940 and his staff has grown from just himself to almost 1,000 civilian employees.

"The successful operation of this school has been largely due to efficiency of the personnel," Capt. May said, "most of whom have an intimate knowledge of the north, and airline or airforce experience."

Department heads who have been employed at the school since early in its organization include A. N. Westergaard, assistant general manager in charge of operations; R. L. "Ginger" Cootie, assistant operations manager, both of whom are veteran northland bush pilots; A. L. Sawie, treasurer; P. B. "Jack" Lickelt, a veteran of this war who has been camp superintendent; George H. Bishop, chief store keeper; F. R. Ross, purchasing agent.

District Trucker Court Defendant

Damages totalling \$2,945 are sought by Ward Bolt, through his mother, Mrs. Martha Larsen, Looma district resident, from Emil Goudreau, district trucker, for injuries received in an automobile accident west of Looma on Jan. 1 last.

The plaintiff, a minor, was riding in the rumble seat of a car which had stopped on the road when the truck operated by the defendant crashed into it. The plaintiff was severely injured in the collision.

The statement of claim was filed by G. W. Auxier, Edmonton barrister.

A-R-O-U-N-D THE TOWN

Members of "C" Company South Edmonton Battalion, Veterans' Volunteer Reserve, will parade at Bennett school at 10:30 hours Friday for target practice.

Edmonton Sea Cadets will parade at the Naval barracks at 10:30 hours Friday. Officials stated it was particularly desired to have a large turnout, as an important announcement would be made in connection with the Navy League of Canada tag day being held on Saturday.

Promotion of Pte. W. G. McCullough, of 10558 92 street, Edmonton, to the rank of lance corporal at the A35 Canadian Parachute Training Centre, Camp Shilo, was announced Friday by military authorities. L. Cpl. McCullough qualified as a paratrooper last May after completing his training at the Camp Shilo centre.

Canadians planning to spend their holidays in the United States this summer, when border crossing restrictions are more simplified, need not take their ration books out of the country with them, according to officials of the Wartime Prices and Trade Board. They will be supplied with ration points on entering the country if they apply to the Wartime Prices and Trade Board, nearest the city or town where they will be staying.

E. B. Joffe, M.L.A., party leader in Ontario, is to address meetings in Edmonton and northern Alberta centres, on a schedule not completed as yet.

Other C.C.F. speakers to take part in the election will include Agnes Macphail, M.L.A. for York East, Ontario, who will tour southern Alberta. She will speak at Bow Valley on July 24.

Mrs. Laura Jamieson, Sam Guthrie, George Sterling, Len Shepherd and H. Herdridge, all C.C.F. members of the British Columbia legislature will, address meetings in various parts of the province, as will Mrs. B. Trew, an M.L.A. from Saskatchewan.

Under the terms of the agreement entered into with the cafe proprietor, employees will be given one week's holiday with pay after 12 months of continuous service, and will be entitled to one additional day for each year over the minimum of one year.

The question of wage schedules will be submitted to the regional war labor board by consent of both parties.

No Improvement In Housing Here

Housing conditions in Edmonton during the month of June show little improvement over the serious situation during May. Statistics of the Emergency Housing Bureau issued Friday disclose.

Total of 730 persons sought housing in June with 427 being successful in securing accommodation. There were 570 adults and 160 children in need of housing during the month and 380 adults, 32 children and 15 transients were successful in securing some form of accommodation.

Of those making application to the bureau, 40 were Canadian service men, 150 Americans and 540 Canadian civilians.

Bureau manager, Mrs. M. V. Fielding, said Friday that two serious problems with regard to housing are still very real. One is the lack of houses, the other the strongly persistent reluctance of landlords to rent houses to families with small children.

900 Army Cadets Will Go To Camp

Nine hundred senior Army cadets from all sections of Alberta will go under canvas at Sarcee Camp, Calgary, at the week-end for the 10-day summer training period.

Capt. G. H. Ritson-Bennett, District Cadet Officer announced at Calgary today.

From as far north as Grande Prairie, south to Cardston and east to the Saskatchewan border, the cadets will converge at Calgary on Sunday and will be transported to the camp.

Indications point to one of the finest training periods in years with arrangements having been completed for various courses including one in battle drill. In addition Canadian Army personnel will stage several demonstrations to give the cadets a clearer insight into military manoeuvres.

Capt. Bennett also announced that first class cadet marksmen will fire short practices on the open rifle range using .303 ammunition.

"M" Depot Prepares For Coming Move

Although no official announcement has been made to date concerning the rumored closing of No. 3 "M" depot R.C.A.F. office staffs were reported Friday to be packing supplies in preparation to move to some other place.

Quarters of the Dept. in the Edmonton Exhibition grounds for more than two years, have been the object of persistent rumors of late.

R.C.A.F. officials have denied knowledge of the depot being moved but Mayor John W. Fry admitted at a recent council meeting that the future of the munition depot had been discussed. He said he was unable to disclose the nature of the discussion at this time.

DOROTHY DIX SAYS—

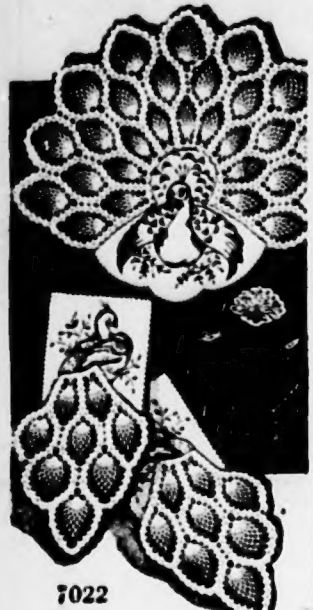

Girls Must Abide By Social Customs of Day

A Stern Father Throws Daughters to Wolves in Bringing Them Up According to Old Ideas; Shuts Them Off From Fun

DEAR MISS DIX: My husband was brought up very strictly by a Scotch Grandmother and he is trying to rear our children the way he was. We have two daughters of 17 and they bitterly resent the restrictions he puts upon them, particularly his rule that they must be home by ten o'clock of an evening. The perpetual scenes over the way their father treats them is making a growing rift between them and I deplore very much, and am wrecking all of the old happy relationship that once existed in our family circle.

McKenney On Bridge

By WILLIAM E. MCKENNEY
America's Card Authority

On my trip to Detroit for the Michigan State tournament, I found Arthur Levy, the newly elected president of the Michigan Bridge Association, and J. Van Brooks, the treasurer, both enthusiastic about starting a War Orphans Scholarship.

Van Brooks is a young man of about 25, who has been playing bridge for some time. He is a very good player and has won many tournaments.

Levy is a young man of about 25, who has been playing bridge for some time. He is a very good player and has won many tournaments.

Both of these men are very good players and have won many tournaments. They are both very enthusiastic about starting a War Orphans Scholarship.

Optimistic bidding put Levy and Van Brooks in an interesting contract on today's hand. Van Brooks lost no time in making the contract when East made a slight slip in the defence. He allowed the opening spade lead to hold, discarding his deuce of diamonds on it. East continued a spade, Van Brooks ruffed and led the king of clubs. East won and made the mistake of not leading a heart. He led another spade. Van Brooks ruffed, cashed the queen of clubs and led a diamond. Now nothing could prevent him from making all his hearts separately.

ing to rear our children the way he was. The perpetual scenes over the way their father treats them is making a growing rift between them and I deplore very much, and am wrecking all of the old happy relationship that once existed in our family circle.

What can I do to straighten matters out? K. W. W.

Answer: Nothing, unless you can find some way to modernize your husband's opinions and bring them up-to-date, but nothing in the world is so hard to do as to induce people to discard their old ideas for this year's models.

Your husband will just have to face the fact that unless he wants his daughters to be old maids he will have to let them do as the other young people are doing, within reasonable restrictions, of course. They should not be permitted to stay out all night carousing, but to ring the curfew on them at ten o'clock cuts them off from all the parties, the dates and the good times they are entitled to at their age.

For parties do not start until ten or thereabouts and no girl would be asked a second time if her boy friend has to drag her away just when things get going. Father may say that parties should begin at six and end at ten, but not even Emily Post can alter the social customs of the day.

In trying to protect his daughters the stern father simply throws them to the wolves, and that is a pathetic thing for him and for them, because, meaning so well, he does so much harm. In trying to save them he takes away from them the only protection that a girl can have, and is in her home and being on confidential terms with her father so that she can talk things over with him, instead of having to lie to him.

Answer: If your father could be induced to handle the budget for a single week and see how much everything costs nowadays, he would no longer accuse your mother of being a bad manager. He would think that Mr. Morgenstau should call her in to help him run the nation's finances.

Your father is right in thinking that everyone should make an effort to save something for the rainy day that comes to us all. My suggestion for solving your problem is for your mother to try to get one of the part-time jobs that are to be had now. I have heard of several women who fattened their budgets by taking care of the children of the women who had gone to work in factories.

Personal Health Service

By WILLIAM BRADY, M.D.
ABUSE OF SULFA DRUGS

A reader expresses it oddly: Some time ago I was influenced, by a physician, to try sulfadiazene for a sinus condition.

Perhaps this is the man's way of saying he caged a curbstone prescription out of the doctor.

I took 21 tablets, one three times a day after meals (continues the newspaper man), and after the first few doses I could feel the discharge drying up and after two or three days the discharge stopped entirely.

Then I laid off for a while, until I noticed the discharge beginning again, then took 21 more tablets with the same result.

I was telling the doctor about the results of the treatment, and much to my surprise, he said I should not take sulfa drugs; they were dangerous.

Evidently he had forgotten all about suggesting that I should try them.

What I should like to know is whether the drug is dangerous or whether the physician doesn't know much about it. (Signed)

Yes, sulfa drug is dangerous. You did not play fair with the doctor, Mr. Wiseacre. Whether the doctor prescribed the sulfadiazene or just gave you the name of the medicine and suggested a tablet three times a day for a week, you decided that you knew as much as the doctor then, and so you went on taking the stuff on your own. And then, still in character, you were "surprised" when you learned that the doctor didn't approve of your adventures in therapeutics, and in the best tradition of the Wiseacre family, you immediately decided that probably the doctor doesn't know much about it.

Now, Mr. Wiseacre, you ask my opinion. Here it is. If I had "a sinus condition" I should not monkey with any sulfa drug. In fact I'd rather worry along in the old-fashioned way with almost any ordinary illness or disease than take any sulfa drug. Maybe if I had grave meningitis, or acute septicemia, or one of two or three other specific infections I'd be willing to take such medicine under strict supervision of my physician. Not otherwise. That's my opinion.

Your Baby And Mine

By MYRTLE MEYER ELDER

In educating her 5-year-old about babies one mother managed to develop a delightful relationship with her little daughter.

How she did it is told by Mrs. E. S. who writes, "I told my daughter, just as soon as I knew myself, that we were going to have another baby. She has had a very definite part in planning everything for the baby. I never tried to explain too much about it or to go into too great detail but she has asked questions I have answered them frankly and clearly."

"To her it has been like a wonderful story and when she could really feel the baby moving she was thrilled beyond words. She does dread the separation from me while I am in the hospital but she accepts it with good grace. She has helped me shop for the baby and when there was a choice of color I have allowed her to make that choice."

"Now, she spends part of each day taking out the baby things, looking at them, folding them carefully and putting them back again. It has made this period so much more fun for me to be able to share it with her and I think if more mothers would do this with their children there would be no jealousy of the new baby."

"I want to tell you, too, how close my husband and daughter have become. Ever since her babyhood there have been things only he has done for her. For instance he has always trimmed her finger and toenails and now that this has advanced to a manicure and pedicure she has this once a week and looks forward to it. Her nails are beginning to have a lovely shape because of this constant care."

"In the last few months he has taken over the job of supervising her bath time. All fathers would profit by a closer companionship with their children and there is no better way to manage this than to turn over to them some small tasks."

How sensible this all is. Your daughter is building a sound knowledge of the beginning of life and she will have nothing to unlearn. Facts are always the same.

Also, and just as important, she is coming to know your joy and love at the anticipation of a new baby and she knows it was the same for her. This is the natural time to explain about babies and mothers are lucky when they have this special opportunity.

Our leaflet, "Sex Instruction," may be had by sending a stamped, self-addressed envelope with your request for it to Myrtle Meyer Elder, in care of this newspaper.

SNAILS TEST WATER

Snails submerge quickly to tainted water and, for that reason, are sometimes carried in dry countries to test widely scattered water holes before drinking from them.

Air Observer School Ends 4-Year Career

Continued from Page Nine

who was a pilot in the last war; S. P. "Pete" Derbyshire, maintenance superintendent who was the first aero-engineer in Edmonton; George E. Macdonald, radio superintendent, and Leonard B. Wize, personnel manager.

"A large percentage of our staff have been women," Capt. May pointed out, "and they've certainly done a fine job of replacing men." Mrs. Mary P. Hammond has been supervisor of the women employees and Miss E. Patricia Brooks was canteen manager.

The final class of navigators and bombers received wings from Air Vice-Marshal T. A. Lawrence, commanding officer of Northwest Air Command, at a ceremony Friday afternoon. They join thousands of other graduates from No. 2 A.O.S. who are keeping the spirit and record of the school alive in the skies of many theatres of war.

The school was a cosmopolitan centre and brought to Edmonton men from all over the British Commonwealth and from other nations of the world. A record book containing the names and addresses of all the students lists Great Britain, Australia, United States, New Zealand, Chile, Bahama, Argentina, Fiji Islands, New Guinea, Belgium, and Trinidad, as the homes of some of the trainees.

Many navigators and bombers who were graduated from No. 2 have distinguished themselves in combat duty overseas. One of them, P.O. Mark Roach, D.F.M., D.F.C., was the first B.C.A.T. graduate to be awarded the D.F.M.

Another graduate, Wing Commander P. G. Powell, D.S.O., D.F.C., is now operations and tactics supervisor for the R.C.A.F. Beaver heavy bomber base and consultant to navigators of the Goose, Thunderbird, Leaside, Bluenose and Iroquois squadrons. His decorations are considered "extraordinary for a navigator," who although a key-man of a bomber crew does not have the opportunity of performing as spectacular feats as a pilot or other crew members. His home is in Toronto, B.C.

A few of the other graduates who have won distinction include P.O. Harold Taylor, D.F.M., of Halkirk; P.O. Harold Legge, D.F.C., Calgary; P.O. George Kusler, D.F.C., New Toronto, Ont.; P.O. Charles Darby, D.F.M., Harnett, Ont.; Sqdn. Ldr. G. F. Jacobsen, D.F.C., Winnipeg.

Sqdn. Ldr. Jacobsen, graduate of one of the first classes of the school, completed two tours of operations overseas and is now commanding officer of No. 5 A.O.S., in Winnipeg.

At least 45 men of the R.A.A.F. to graduate from No. 2 A.O.S. have been decorated overseas and totals for other personnel were not available. Distinction won by these men is a reflection of the efficiency of their training for no further theory is given after they receive their wings here.

Ranks of all these officers may be higher as they are given according to the latest available records.

ONE OF FEW
P.O. Lt. J. Summers of the R.C.A.F. supervisory staff is one of the few officers staying behind to finish up the tag ends of closing of the school next week. It is the completion of a circle for the officer as he was in on the opening of the school. He was navigator aboard one of the first training planes brought into the school in 1940. After a series of postings to different stations in Canada he was posted back to No. 2 A.O.S. several months ago, in time to take part in the closing.

Planes from the school will be used at other A.O.S. training schools in the west. Capt. May said Friday, and every one of the civilian employees of the school has been absorbed in other schools or in war industry.

Many of the R.C.A.F. personnel already have been posted and the few remaining ones will leave next week.

Since the school opened it has had five R.C.A.F. commanding officers. They were Sqdn. Ldr. Joseph Lakda, Sqdn. Ldr. Harold Baty, Wing Cmdr. W. C. Kent, Wing Cmdr. R. P. Ople and presently, Sqdn. Ldr. D. I. Crossley.

Facilities of the school are being taken over by Northwest Air Command and it is expected that the steadily increasing staff at headquarters of the new command will require all available space.

Eastern Unit Took Village Under Incredible Difficulties

By ROSS MUNRO

WITH THE CANADIANS AT CAEN, Normandy, July 14.—(CP)—In the battle for Caen, a maritime infantry regiment played a gallant part in attacking and capturing the villages of Authie and Franqueville, north of Carpiquet under incredible difficulties. They established contact with the Canadian garrison in Carpiquet and then pushed on into Caen from the southwest, along the Caen-Villers highway.

Election Funds Are Contributed At C.C.F. Meet

REGINA, July 14.—(CP)—Resolutions urging improvement in educational matters and a spontaneous flow of federal election campaign funds behind the salesmanship of A. M. Nicholson, member of parliament for MacKenzie, Sask., featured the afternoon session of the ninth annual convention of the Saskatchewan section C.C.F.

Mr. Nicholson who appealed to Saskatchewan provincial C.C.F. organizations for \$35,000 to aid the C.C.F. federal campaign in the federal election expected "in the fall" was confused when campaign funds piled on the chairman's table. More than \$6,000 in cash and personal cheques were received while several constituency representatives pledged a total of more than \$12,500.

\$6,000 PROMISED

Milestone riding promised to raise \$6,000, most others reporting \$1,000 each, while Mrs. Gladys Strum, defeated C.C.F. candidate in Cannington provincial constituency, turned over \$75 and M. H. Feeley, M.L.A. for Canora responded with a \$303 cheque—"my wheat participation cheque."

M. J. Coldwell, national C.C.F. leader, messaged:

"All Canada looks to Saskatchewan now for leadership in the fields of economic and social reform."

"Your victory brings success in the federal field very near. With loyalty to a great cause we shall make Canada a land of happy, prosperous homes and peoples."

Mr. Nicholson, in the national council report, asked delegates:

"Have you any reason to believe Mr. King (Prime Minister Mackenzie King) or Mr. Bracken (John Bracken, Progressive Conservative leader) will do any better in the post-war years than in the last post-war years, or Mr. Bennett (Viscount R. B. Bennett)?"

"OTTAWA NEXT"

The national council interprets the Saskatchewan provincial victory as a mandate from the people to make the slogan "Ottawa next" an actuality, he said.

"Free people are looking to us to send delegates to the peace conference, delegates who understand causes of depression and war, delegates who will give world leadership."

Mr. Nicholson said that unless the C.C.F. receives money there will not be anyone to lift the C.C.F. banner in the next federal election. His request for \$35,000 from Saskatchewan was unanimously approved.

Advocating the Socialist principle of giving according to means, Mr. Nicholson said: "Wouldn't it be a terrible thing after the election if you found you had \$1,000 in the bank and a Liberal government in Ottawa?"

REVISION ASKED

The convention requested the system of school finance be revised with the object of providing funds for payment of arrears of teachers' salaries, higher salaries for teachers, free text books to all pupils in public and high schools, and promotion and extension of teaching of co-operation in schools.

An investigation into feasibility of using air training schools for educational purposes after the war and establishment of legislation at the next session of experimental large school units of administration also were asked.

More effective vocational guidance should be given individual pupils, said another resolution while another requested the provincial government to provide

For two days the regiment, whose identity cannot be revealed until it was one of the first four Canadian units to get into Caen, sharing the honors with two Ontario infantry battalions and a Quebec tank regiment (probably the Sherbrooke Fusiliers Regiment).

When the Canadian spearhead of infantry and tanks launched the big attack on the right flank of the British, Saturday, July 8, the task of the Maritimers was to strike south between Gruchy and Gruon, which was being attacked by Ontario regiments with tanks, and go straight for Authie and Franqueville.

PREPARE FOR ATTACK

The Maritimers went forward over the fields towards the forming up place for the attack, which was in a small woods between two villages. They were passing between the slopes near Buron when the Germans sniped at them with 88-millimetre guns and mortars.

They pressed on, neared the forming-up place and found it occupied by dug-in enemy troops. The Maritimers attacked and after hand-to-hand fighting they wiped out the German positions, blew up the German command post, killing at least 40 Germans in the woods alone.

The battalion got formed up for the Authie attack and a Lieutenant-Colonel from Montreal, who was commanding the unit, called for artillery concentration on Authie.

VILLAGE HAMMERED

The guns hammered the village and the maritimers advanced over the flat fields towards Authie, less than a mile away. Right in front of the starting line they ran into another German trench position, the occupants of which lay doggo until the Canadians came near. Here there was another fierce fight and all 25 Germans in these trenches were killed by grenades or bayonets.

The regiment advanced another 100 yards to another German position which was wiped out in the same grim manner.

Their next task was Franqueville, a half-mile further south, and under a hail of shells and bullets the attack was tied up. The Colonel called then for artillery on Franqueville and another village went up in smoke as the maritimers' carriers raced over the field, first followed by the infantry.

The Germans in Franqueville, who like the others at Authie, Gruchy and Buron, were fanatics of the 12th SS division, were wiped out when they refused to surrender. And between 4:30 and 5 p.m. Franqueville was in Canadian hands.

Edmonton Resident Will Be Sentenced

SASKATOON, July 14.—(CP)—Gordon E. Steinman, 23-year-old Edmonton automobile salesman, who pleaded guilty to a charge of securing money on false pretences, will appear in court next Monday for sentence. He brought two cars to Saskatoon from Edmonton and sold them for \$2,015. Police said the cars had been stolen in the Alberta capital.

In a dispatch Wednesday The Canadian Press erroneously stated Steinman had pleaded guilty to theft of the cars.

Election Needs

OTTAWA, July 14.—(CP)—Jules Castonguay, chief federal electoral officer, said last night that orders have been placed for the printing of ballots, voting regulations and instructions which will be needed in the next federal election.

Speaker Urges Equal Status For All in War

Real total conscription involves placing all fit men and women between 18 and 65 on the same economic basis as members of the armed forces for the duration of the war and six months after, besides conscripting all machines, material and money, Montague Easton, Technocratic speaker from Aberdeen, Washington, told an audience of 300 in the Masonic Temple Thursday night.

Mr. Easton declared that Technocracy's program of total conscription, demanding service from all with profits to none, is the only way to speedily terminate the war with a minimum loss of life and also prevent chaos on the continent of North America, either before the end of the war or soon after its close.

Corporate enterprise has always capitalized on calamity, the speaker contended and war being the greatest of all calamities permits of the greatest capitalization.

REFERS TO QUAKE

He recalled what happened at the time of the San Francisco earthquake in 1906 by way of an illustration.

When buildings crumbled and great fires swept the city, broke out. The calamity was immediately capitalized with bread selling for a dollar a loaf and water at 50 cents a glass.

The military prevented an even greater calamity by stepping in to ration existing goods and services.

Later the calamity of the dust bowl and flood conditions of the early thirties was capitalized by public works as were the great depression and the threat of war, he said.

War is always good business, Mr. Easton said, the corporate enterprise in the U.S.A. having made a net profit of \$9,000,000,000 last year. This was the greatest profit for a single year in the history of the nation, it was claimed.

Fascism is the last stand of a price system, Mr. Easton said, and a price system is any social system in which goods and services are exchanged on a basis of commodity evaluation.

The price system is operated in all nations of the earth and it must always have a scarcity for successful and profitable operation, he said.

KNOCKOUT BLOW
The stupendous technology of North America has actually delivered a knockout blow to scarcity but the nations of this continent are still operating with the technique for distributing scarcity.

Although less than two per cent of the work on this continent is now done by human energy, 90 per cent of all purchasing power comes from salaries and wages. The war has introduced more and more machine energy, leading to the condition where men and women are actually being laid off at plants because twice as much as before the war can now be produced by technology.

Corporate enterprise tends to employ more and more Fascist methods to keep the system working, hence the demand for conscription of labor, the speaker said.

Technocracy proposes that everything we have be conscripted for the duration and six months after. All members of the population between the ages of 18 and 65 would be housed, fed and clothed on the same basis as the armed forces, with more making any profit. The national debt and all bank accounts would be frozen.

No person would receive less than a private soldier or more than a general regardless of what position he or she occupied, Mr. Easton said.

POST-WAR FEARS
"The war effort is suffering because we all fear the post-war period and are all busy feathering our own nests," the speaker charged.

At the same time we are fighting against Fascism, which really means a continuation of scarcity and a low standard of living.

He urged the audience to study Technocracy's design of total conscription as the only solution for winning both the war and the peace.

Navy League Seeks Funds For Seamen

Appeal will be made to Edmontonians on Saturday to assist the Navy League of Canada in its work of sending comforts to the men of the Merchant Marine.

J. G. Nickerson, president of the Northern Alberta branch of the League, appeals to every citizen to generously support the tag day, the proceeds of which will be utilized to buy comforts (or ditty bags) to be distributed to men of the Merchant Marine of the Allied Nations at Christmas.

The Navy League has been charged by the Dominion government with the duty of supplying these comforts to the men of the merchant navy.

CARRY WAR SUPPLIES
These men of the Merchant Marine man the ships that carry the countless articles of modern warfare to the battlefronts scattered throughout the world.

They brave the Arctic seas to get supplies through to Russia. They pass through submarine and mine-infested waters to keep the lifeline of supplies flowing freely. They are the men above all others who have brought the full weight of the might of the Allied Nations to bear upon enemy.

Without the men of the Merchant Navy the supplies that the arsenals of America and Canada have created would never have reached the battlefronts. Many of these sailors have died in carrying out this duty.

Many have come back to shore from torpedoed ships. All they have ever asked for when they returned from some ill-fated voyage has been "when can I get another ship?"

"It is these men that Edmontonians are asked to help next Saturday. When the taggers come you Saturday morning be as liberal with your donation as these men are with their service to their King and country and the cause of freedom," Mr. Nickerson urged.

Report Enemy Using Robots Against Yanks
Exclusive to The Edmonton Bulletin Copyright, 1944, by British United Press

WITH AMERICAN FORCES IN FRANCE, July 1—Delayed—The Germans were reported today to have used pilotless planes against American troops in the front lines for the first time.

The first reports of the German use of pilotless planes said a few had been in action against the Americans fighting alongside the British flank at the centre of the Normandy line.

The brief dispatch from British United Press Correspondent James McGillicuddy reporting the use of German pilotless planes against the American troops in Normandy lacked immediate amplification.

McGillicuddy filed the dispatch on July 1, but as received in New York it bore no explanation of the delay.

Providing Food For War Fronts Is Big Problem

The purchase and distribution of food to U.S. troops in widely scattered theatres of war presents a terrific problem, Maj. Gen. E. B. Gregory, quartermaster-general, U.S. Army, told members of the Rotary club when he addressed their luncheon meeting in the Macdonald hotel Thursday.

Gen. Gregory arrived in the city Thursday noon from Washington, D.C., and is going on to the Norman Wells district. His trip north is not being made in connection with recent charges of wasteful destruction of U.S. supplies and material he told reporters after the meeting.

"The quartermaster's corps is responsible for supplying troops with food, clothing, fuel and all miscellaneous articles other than arms and ammunition," he told the meeting.

SUPPLY CIVILIANS
In addition to the tremendous job of taking care of the needs of approximately eight million men scattered all over the globe his department is also providing supplies for civilians of liberated nations.

Some supplies for the U.S. Navy are also handled through his department and articles for resale in post exchanges overseas.

With troops going to so many different theatres of war the variations in climate conditions has added to the problem of supply.

Disposal of surplus equipment is a real headache, the speaker said after the meeting. Used clothing and shoes in particular are turned back to the army in overwhelming quantities. Large proportions of these articles are reconditioned and rebuilt for further use but any that are judged unfit for use by army standards are sold in large lots.

Fuel forms about 50 per cent of the tonnage of shipping from the United States, he told Rotary members, substance about 25 per cent, and ammunition the other 25 per cent. This would mean that almost 75 per cent of all shipping is comprised of articles provided by the quartermaster general's department.

LAUDS CO-OPERATION
In concluding his address he said that the spirit of co-operation between U.S. troops and Canadian civilians in Edmonton were an indication of tolerance on both sides.

The speaker was introduced by O. L. McIntyre, recently appointed director of Rotary International, and George McNeill, president of the Edmonton Rotary club was in the chair.

Other distinguished guests at the luncheon included Brig.-Gen. Howard Peckham, Col. Richard Mellow, Lt.-Col. B. F. Hake, all of whom are accompanying Gen. Gregory, and Lt.-Col. F. S. Strong, Jr., commanding officer of Northwest Service Command, U.S. Army; Col. E. H. Strickland, Col. L. M. Adams, Col. E. E. Kirkpatrick, Maj. Freeman C. Bishop, Maj. B. Johnson, M. G. Gilley, and J. Boyd McBride, K.C.

Flying Bombs Kill 1,935 U.K. Civilians
LONDON, July 14.—(CP)—Civilian air raid casualties during the month of June, when flying-bomb attacks were inaugurated, were announced last night by the minister of home security as:

1,535 killed (or missing and believed killed);

5,906 injured and detained in hospital;

The dead included 231 children.

The announcement noted that the casualty figures given by Prime Minister Churchill to the House of Commons July 5 were larger because they included some military casualties, and extended beyond June—up to 6:00 a.m. July 6.

Of the total killed 716 were men, 988 women and 231 children. Of the injured, 2,151 were men, 3,262 women and 493 children.

Escaped Nazis Are Recaptured
LETHBRIDGE, Alta., July 14.—(CP)—Four German prisoners-of-war who escaped yesterday morning from the Magrath hotel, were recaptured last night by Royal Canadian Mounted Police constables five miles from the international border. The capture was made at 7:30 p.m., three hours after "Smoker," an R.C.M.P. dog, was put on the trail of the men where they abandoned a stolen car on the McIntyre ranch lease, 30 miles north of the border.

Infant Is Drowned In Irrigation Ditch
CALGARY, July 14.—(CP)—Tragedy struck Mrs. Robert Chapman, Calgary, within 24 hours of accepting a position as housekeeper on a farm northwest of Gleichen, when her two-and-a-half-year-old son, Brian William, was drowned in an irrigation ditch close to the farm house.

Mrs. Chapman, whose husband is a corporal in the army at Medicine Hat, left Calgary Monday to become housekeeper on the farm of Andrew and Ernest Johnson.

To Visit Coast
VANCOUVER, July 14.—(CP)—Ray Atterton, United States ambassador to Canada, will pay his first official visit to the west coast, including Vancouver and Victoria, next month. Vancouver board of trade has received word Mr. Atterton has accepted an invitation to address a board luncheon here Aug. 22.
